

GOVERNOR'S BUDGET ONE-HALF MILLION DOLLARS LOWER THAN SUNY REQUEST

Gov. Carey's proposed budget for Plattsburgh State for the new fiscal year, beginning April 1, is almost one-half million dollars lower than the budget recommended to the Governor by SUNY.

President Burke reports that the Governor's budget:

- Forces the College to absorb \$150,000 in needed price increases;
- Fails to provide the necessary support (\$289,000) for heavily-enrolled academic programs;
- Deletes three faculty positions and two institutional support positions, even though the College met its enrollment goal in the fall of 1977.

The President pointed out that SUNY responded to the College's budget presentation last summer and recommended a 7.4% increase in operating funds or \$1,035,000. "We viewed our request to SUNY as an austerity budget," declared President Burke. "We did not ask for what we wanted, but what we desperately needed and what we felt the State could afford."

"The College," added President Burke, "has already in the past three years absorbed heavy reductions in both positions and dollars. Given our current enrollment and the restricted budget on which we are presently operating, these further cuts seem unreasonable."

President Burke said that with the proposed budget the College is confronted with a cruel dilemma — "either the institution has to prevail on the Albany Officials to correct this budget inequity or the College will have to deny admission to several hundred young people who want to enroll at Plattsburgh State but will not be able to do so because we can no longer afford to educate them."

The President said that he will urge SUNY, the Governor's Office and the Legislature to: (1) restore the positions and (2) reinstate the money requested by SUNY for program improvement at Plattsburgh.

President Burke will review the budget in the near future with Senator Stafford and Assemblyman Ryan.

BURKE SUPPORTS STATE ASSEMBLY TAP PROPOSAL

President Burke has announced his support of a State Assembly proposal that could provide an additional \$141,400 in tuition assistance dollars to about 1,950 full-time undergraduates at Plattsburgh State.

Sponsored by Assemblyman Melvin H. Miller, chairman of the Assembly Committee on Higher Education and Assemblyman Arthur J. Kremer, chairman of the Assembly Ways and Means Committee, the proposal would increase the maximum tuition grant by 20 per cent for full-time undergraduate students in the public and private sectors.

"I support this particular proposal because it is the only legislation introduced to date which provides some type of tuition assistance increases for the public sector," President Burke declared. "I believe students who need tuition assistance should not be discriminated against because they attend public rather than private colleges and universities."

Although 1977-78 academic year statistics are not yet available, if a similar proposal had been passed by the Legislature last year the increase would affect 1,950 Plattsburgh State undergraduate students or approximately 40 per cent of the full-time undergraduate enrollment on campus.

The proposal also offers full tuition assistance to undergraduates from families whose net taxable income is \$5,000 or less. Last year, this part of the proposal would affect 437 Plattsburgh State undergraduates or approximately nine per cent of the College's full-time undergraduate student body.

GOVERNOR NAMES MRS. DUKEN CHAIRMAN, MANNIX NEW MEMBER OF COUNCIL

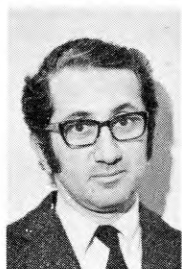

Gov. Carey has selected Mrs. Judith A. Duken of Plattsburgh chairman of the College Council for the remainder of her term, which ends July 1, 1981. Mrs. Duken, a 1959 graduate of Plattsburgh State, is the first alumna to be named to the chairmanship. At the same time, the Governor appointed John C. Mannix of Lake George to the Council for a term ending July 1, 1983.

Mrs. Duken has been a member of the Council since 1971. She serves as secretary of the board of directors of the Association of Council Members and College Trustees of SUNY and received the 1977 Distinguished Alumnus Award of the SUNY Confederation of Alumni Associations. She is a teacher at Oak Street School and is active in many area civic and charitable organizations.

Mannix, a lawyer, is a former Warren County attorney, trustee of the Board of Education of the Lake George Central School District, vice president of the Lake George Historical Association, and chairman of the Lake George Recreation Commission. He succeeds Mrs. Jane Caffry of Glens Falls on the Council. Mrs. Caffry resigned last summer.

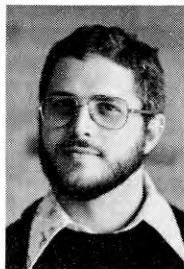

THREE FACULTY RECEIVE SUNY RESEARCH GRANTS TOTALING \$8,500

Burde

Kissner

Woehr

Three members of the Plattsburgh State faculty will share more than \$8,500 in Faculty Research Fellowships and Grants-in-Aid awarded by the State University Research Foundation through its annual University Awards program.

Dr. Edgar J. Burde, associate professor of English and Dr. Fred A. Kissner and Dr. James A. Woehr, assistant professors at the Institute for Man and Environment, are recipients of the grants.

The awards are combination fellowships and grants-in-aid, which help defray special research costs in addition to supporting scholarly activity. This year's awards involved 313 total grants of all types valued at \$752,306 to faculty members on 27 SUNY campuses.

SEARCH COMMITTEE SELECTED FOR VICE PRESIDENT FOR ACADEMIC AFFAIRS

A search committee for Vice President for Academic Affairs has been selected by President Burke. The committee, chaired by Dr. Herman Doh, chairman of the Faculty Senate, will include Vice President Aceto, Ms. Janet Alexander, Dr. Stuart Baum, Dean Philip Clarkson, Dr. Mark Cohen, Mr. William Crosby, Dr. Jane Gore, Dr. Ralph Grover, Dr. Ann Hasting, Ms. Cheryl Hogle, Dr. Hounq Liu, Ms. Anne Mitchell, Dr. John Moravek, Vice President Seawell, Dr. Marion Smith and Dean Nicholas Troisi. In addition, five students, a member of the College Council and an alumnus will be named to the committee in the near future.

BIDS FOR RAZING FORMER HOSPITAL RECEIVED

Jackson Demolition Service of Schenectady reported the lowest bid for demolition of the former Champlain Valley Hospital, located on the Plattsburgh State campus. The firm offered to raze the building at a cost of \$33,900. Next was Globe Construction Corp., Amsterdam (\$36,150), and Cazzolino Construction Corp., Albany (\$56,999). No action will be taken on the demolition project until the State University Comptroller decides on the lowest qualified bidder.

The west annex of the building, which houses the College's business/economics department will remain. The nursing residence which houses the English, foreign languages, history and philosophy departments will also remain standing. Funding for the project will not involve redesigning of the site once the former hospital has been demolished.

HOURLY WORK-STUDY WAGES TO REMAIN \$2.30

A serious reduction in college services to Plattsburgh State students has prompted College officials to maintain the \$2.30 hourly wage for the College's work-study students after a report from the College's Financial Aids Office indicated that students would lose approximately 15,000 hours working time between now and June 1, if the minimum wage was adjusted to \$2.65 per hour. Substantial hourly work loss would also create large cutbacks in the College's service-oriented facilities to students.

An hourly increase might mandate closing the College Center at 9:00 p.m. on weekdays and allow the facility to be open for very few hours during the weekends. A large reduction in student hours of service would exist in Feinberg Library, Memorial Hall Physical Education Building, the Field House and in all College residence halls. Also, student assistance to faculty and staff members would be reduced significantly.

Even though colleges and universities are permitted exemptions and can pay 85 per cent of the federal minimum wage, Plattsburgh State has always in the past paid the full minimum wage to its work-study students.

Presently, the College's work-study program has \$166,988 remaining to spend for its 550 students during the spring semester. An additional \$24,500 would have been necessary to maintain college services at the same level with the wage increase. Since the hourly increase would also affect students under temporary service employment, another \$10,000 would be required to supplement current funds.

CLARKSON, TROISI, HASTING SHARING DUTIES OF ACADEMIC AFFAIRS OFFICE

President Joseph Burke has announced that the functions of the Vice President for Academic Affairs Office will be shared by Deans Philip Clarkson and Nicholas Troisi and Dr. Ann Hasting until a person is named to the position.

Dean Clarkson will serve as chairperson of the Search Committee for Dean of Graduate Studies and Research, represent the Vice President's office on the Undergraduate and Graduate Studies Committees of the Faculty Senate. Dean Troisi will represent the Vice President's Office as a member of the Faculty Senate and serve on the Budget and Resources Committee of the Faculty Senate. He will also attend the SUNY Council of Academic Vice Presidents. Deans Clarkson and Troisi and Dr. Hasting will attend all Executive Staff meetings.

COLLEGE FOUNDATION SURPASSES GOAL; RAISES \$121,024 IN 1977

The Plattsburgh College Foundation has surpassed its goal for 1977 by more than 20 per cent by raising \$121,024. The achievement highlights the report that will be presented to the Foundation membership on Monday at the organization's annual meeting scheduled for 5:00 p.m. at the Valcour Educational Conference Center.

Since a fund-raising program was established at the College late in 1970, the Foundation shows a giving record of \$461,503.15, with 1977 being the first year that more than \$100,000 was raised. Just two years ago, in 1976, \$80,937.11 was contributed for scholarships and research grants.

Substantial increases in several areas of giving to the Foundation were recorded in 1977. Leading all categories was giving to the endowment fund. The final report of \$37,319 not only exceeded the amount received in 1976 by almost \$26,000 but also surpassed the Foundation's most ambitious goal by more than \$11,000. Corporate gifts increased by almost \$5,000, with ten new corporate and business donors. In addition, the President's Club (a gift of \$500 or more) doubled, and giving to the Cardinal Booster Club set a new record of \$5,441, as individual and business contributors more than doubled.

1977 GIFT INCOME

Fund	
Alumni Fund	\$ 18,088.00
Cardinal Booster Club	5,441.00
Century Club	15,200.00
Corporate Giving	19,250.00
Endowments	37,319.00
Foundations/Organizations	20,472.00
Scholarships	2,644.00
President's Club	2,600.00

STUDENT CONTRIBUTIONS TO UNITED WAY TOTAL \$1,820, OR 425% INCREASE

Plattsburgh State student contributions to the 1978 United Way campaign surpassed last year's group giving statistics by 425 per cent. A total of \$1,820 was raised by the College's undergraduates by the December 23 cut-off date. The figure reflects a dramatic increase over the 1977 student final figure of \$423. The student contribution was part of a \$21,321 giving figure raised by the College for the 1978 United Way campaign — an increase of more than \$7,600 (36 per cent) over last year.

Phi Kappa Phi Sorority was responsible for the student United Way drive. Various successful money raisers for the year's campaign included coffee houses, kissing booths and a "Casino Night," coordinated by the Dormitory Councils; an evening's proceeds from the movie, "Rocky," sponsored by the SA Film Committee; an evening's proceeds from a performance conducted by the New Theatre Association; and a Christmas party at "The Pub," sponsored by Psi Epsilon Chi fraternity. Ray Gromelski, coordinator of the student drive, also gave recognition to the SA Services Board and the student radio station, WPLT, for their volunteer help.

DR. RANGAZAS APPOINTED TO STATE ADVISORY COMMITTEE

Dr. Ernest Rangazas, chairman of the Division of Health, Physical Education and Recreation, has been appointed to the 20-member New York State Advisory Committee on Sports and Physical Fitness by State Assembly Speaker Stanley Steingut. The Committee will deal with a comprehensive project designed to strengthen and improve professional and amateur sports programs in the State. Robert Kane of Ithaca, New York, president of the United States Olympic Committee, has been appointed to head the advisory committee.

HEAVY SNOWS CREATE CAMPUS PARKING PROBLEM

The heavy accumulation of snow in the past week has created a problem for campus parking. John Calkins, director of safety and security, asks College personnel to park in only valid parking spots. To avoid traffic snarls in the parking lot areas, Calkins urges that no one should park perpendicular to valid parking areas or block any driveways or walkways. Calkins pointed out that the Vilas Parking Lot, located on the corner of Cornelia and Beekman Streets, is always open for parking and should be better utilized.

FACULTY APPROVES EXPANDING RESPONSIBILITIES OF BUDGET AND RESOURCES COMMITTEE

The faculty has approved (161-27) an amendment clarifying and expanding the responsibility of the Standing Committee on Resources and Planning — formerly the Standing Committee on Budget and Resources. Later this week the faculty will be asked by referendum to consider amendments to the By Laws redefining governance units and adjusting representation on the Standing Committees. The Senate approved these amendments at its December 13 meeting and recommends approval by the faculty.

FEINBERG LIBRARY INSTALLING NEW DETECTION SYSTEM

Tattle-Tape, a book detection device designed by 3M Corporation, will become operational in Feinberg Library within the next few weeks. The new system will work in conjunction with the present monitoring system located at all Feinberg Library exits. Although library officials can not reveal how the new detection system operates, Tattle-Tape has been proven to significantly reduce the number of unauthorized books removed from shelves of libraries throughout the country.

TWENTY PLATTSBURGH STATE STUDENTS NAMED TO WHO'S WHO

The 1977-78 edition of "Who's Who Among Students in American Universities and Colleges" will carry the names of 20 students from Plattsburgh State who have been selected as being among the country's most outstanding campus leaders. Campus nominating committees and editors of the annual directory included the names of these students based on their academic achievement, service to the community and leadership in extracurricular activities. Students named this year are: Ms. Rebecca A. Barnes, Mr. James Blendell, Ms. Nancy B. Chrapkiewicz, Mr. Bruce A. Close, Mr. Thomas P. Grant, Ms. Lauri L. Lacey, Mr. John J. CARDINAL HOCKEY TEAM NO. 1 IN ECAC WESTERN DIVISION

Plattsburgh State's 9-1 hockey team is presently in first place, according to the recent ECAC Division II West standings. Trailing the Cardinals are Elmira, Oswego State and Middlebury College, Vt., all with two losses. Cardinal icer Dan Brown is among the Division II top scorers with 41 points (17 goals and 24 assists) to his credit. The junior Montreal native chipped in two goals and two assists in the Cardinals' 6-5 Saturday night win over Hamilton College. Brown also scored the hat trick last Thursday in the Cardinals' 17-2 romp over College Militaire Royale. Junior Matt Westcott and freshman Teddy Dash trail Brown in the Cardinal scoring race with 32 and 29 points, respectively. The Cardinals hope to extend their nine game winning streak when they host West Division foe North Adams State this evening at the Field House. Faceoff is 7:30.

State University College at Plattsburgh • Feb. 1, 1978

VICE PRESIDENT ACETO RESIGNS; ACCEPTS UNIVERSITY OF MAINE POST

Dr. Thomas D. Aceto, vice president for student affairs at the College since July 1, 1975, will leave Plattsburgh State to assume the position of vice president for student affairs at the University of Maine at Orono. He will report to his new position on July 1, 1978.

Dr. Aceto will be one of four vice presidents at the Orono campus, the largest in the University of Maine system. He will supervise the university offices of admissions, student residential life, career planning and placement, veterans affairs, women's programs and services, student aid, the university student union and the counseling center.

In his letter of resignation to President Burke, Dr. Aceto wrote: "New England is a section of the country that is extremely attractive to my family and me. The opportunity to join a major New England land-grant university had to be strongly considered. Plattsburgh State is a fine institution with excellent teaching and non-teaching members, a competent staff and very capable students. It has been a distinct honor for me to have been associated with this institution during the past three years and I value highly the time I spent here. I have particularly appreciated our fine relationship and the support you have given the Student Affairs program during my tenure as Vice President. I am convinced that the fact that the University of Maine selected me as its new Student Affairs Vice President is a reflection on the fine reputation of Plattsburgh State and the quality of its leadership."

In commenting on Dr. Aceto's resignation, President Burke said: "When you have top-notch professionals who perform in superb fashion, naturally larger universities want them. Dr. Aceto reached out to the students instead of waiting for them to come to him. I think I speak for the students, faculty, staff and administration in saying that we will miss him."

Dr. Burke is in the process of consulting with the Student Affairs staff and the Student Association Executive Council on the search for Dr. Aceto's successor.

TAC RECEIVES \$147,000 U.S. DEPARTMENT OF COMMERCE FUNDING

The Technical Assistance Center (TAC) at Plattsburgh State has recently been funded \$147,000 by the Economic Development Administration of the U.S. Department of Commerce. The funding will continue to support TAC's six professional staff members in providing consultative services in management, finance and economic development to businesses within a 16-county area of New York State.

Tom Williamson, director of TAC, reported that 1977 saw TAC involved in more than 70 marketing and feasibility studies for businesses interested in locating in this service area. It also assisted established businesses to expand. Williamson also reported that TAC complied with more than 1,000 requests for data, ranging from census information to information regarding construction bidding and bonding for the 1980 Lake Placid Winter Olympic Games. Since spring of last year, TAC's internship program for Plattsburgh State business, economics and computer science majors had 25 students assigned to TAC projects related to their fields of study.

GILTZ RE-ELECTED FOUNDATION PRESIDENT; THREE NEW DIRECTORS NAMED

E. Glenn Giltz, president of Northern Insuring Agency, Inc., was re-elected president of the Plattsburgh College Foundation at the organization's annual meeting on Monday evening.

"I am extremely pleased that Glenn Giltz will once more assume the leadership of the Foundation," declared President Burke. "We are indeed fortunate to have the services of a person of the calibre of Mr. Giltz who has such a strong dedication to our College and to its undergraduates."

New members of the Foundation's 14-person Board of Directors are: Dr. Herman Doh, professor of English; Bruce Mante, president of the Student Association; and John Longware, an alumnus, who serves as principal of Northside Elementary School, and who is a former president of the Plattsburgh Alumni Association.

Re-elected as vice presidents were: James Keable, Daniel Jerry, Gilbert Duken. Mrs. Olive Flynt will again serve as secretary and Bernard J. Seawell as treasurer. Also serving as directors for another year are: Mrs. Jane Donnelly, Franklin R. Forbes, Mrs. Margaret Kennedy, Albert F. Luck, Martin D. Mannix, Jr., Senator Ronald B. Stafford and Louis E. Wolfe.

FOUNDATION AWARDS SCHOLARSHIPS AND GRANTS TOTALING \$90,315

During 1977 the Plattsburgh College Foundation allocated more dollars to students (\$90,315) than at any time in its short history. Some 382 undergraduates shared Foundation dollars. Student aid from the Foundation since 1971 shows the following record: 1971-\$10,932; 1972-\$23,180; 1973-\$47,180; 1974-\$52,988; 1975-\$76,030; 1976-\$79,126; and 1977-\$90,315.

DR. BAUM HAS SECOND EDITION OF TEXTBOOK PUBLISHED

Dr. Stuart Baum, professor of chemistry at Plattsburgh State, recently published the second edition of his text, "Introduction to Organic and Biological Chemistry," by Macmillan Publishing Co., Inc. The first edition of Dr. Baum's text, published in 1970, was adopted by over 100 colleges and universities in the U.S. and Canada. An Italian translation was published in 1975. The first volume applied organic chemistry and biochemistry to the areas of genetics, microbiology, pharmacology, physiology, nutrition, agriculture and veterinary science.

Dr. Baum's new edition of the text has been updated to contain a considerable expansion in the coverage of organic chemistry. A completely new chapter on the compounds of sulphur and phosphorus and new material on aging, taste, smell, pesticides, drugs, viruses and birth control are included in the second edition. Dr. Baum has also co-authored *Chemistry — A Life Science Approach* and a lab manual entitled *Exercises in Organic and Biological Chemistry*. Dr. Baum is a past recipient of the Chancellor's Award for Excellence in Teaching.

LONG ISLAND SOUND BRINGS ROCK MUSIC FROM THE 50's

The U.S. Navy's seven piece rock group, Long Island Sound, will appear tomorrow (February 2) at 8:00 p.m. in Hawkins Hall Large Auditorium. Based in Newport, R.I., the band has travelled over 200,000 miles as part of a community activities program to show area groups that the service has lived up its slogan, "Be Someone Special in the Navy." The band's Thursday night presentation will salute music from the 50's. Admission is free and open to the public.

FEBRUARY ASTRONOMICAL ALMANAC OPENS PLANETARIUM SCHEDULE

Hudson Hall Planetarium begins its spring semester schedule of shows Friday (February 3) with an astronomical almanac for the month of February. Scheduled to begin at 7:30 p.m., Friday's show will feature the principle constellations, planets, and other objects of interest over Northern New York during February. Free tickets are available in the main office of Hudson Hall.

In addition to regular monthly almanacs, the other planetarium shows planned at the College during the spring semester are "Old Sol" (February 10 and 17), "Cosmology Plus" (March 3 and 10), "The Legacy" (March 17 and April 14). Shows for April 21 and 28 will be announced later on in the schedule.

State University College of Arts and Science - Plattsburgh

PLACEMENT OFFICE REPORTS 82.5% OF REGISTERED '77 GRADS PLACED

The College's Career Planning and Placement Office reports an 82.5 per cent employment placement rate among 1977 graduates of the College who were registered under its program. The total, a highlight of the Office's recently published annual report, represents a 12 per cent placement rate increase over 1976. The report was compiled from 864 placement questionnaires distributed in fall 1977 to the most recent class of Plattsburgh State bachelor's degree graduates in arts and sciences and professional studies. A total of 51 per cent (441 questionnaires) were returned as compared to a 39 per cent return in 1976.

Russell Hamilton, director of the Career Planning and Placement Office, reported that many career-oriented fields which indicated large job placement ratings directly corresponded to programs that a majority of prospective freshmen are presently designating as first preference. For example, 1977 Plattsburgh graduates in business administration (accounting and management programs) reported an 85 per cent placement rate. Marketing graduates registered with the Office indicated a 69 per cent job placement rate.

In other areas where present freshmen applications are indicating an increase, the Placement Office questionnaires show that 1977 graduates reported:

- 100 per cent placement rating in the area of computer science;
- 96 per cent job placement in nursing;
- 91 per cent placement in home economics (an increase of 10 per cent over last year's placement ratings);
- 80 per cent job placement rate for recent environmental science graduates, and;
- 79 per cent placement rate among graduates in speech and hearing handicapped education.

Hamilton explained that the College's increased placement rating reflects a national trend. He pointed out that several national placement surveys indicate that employers hired more engineering, computer science, medical technology and business administration graduates in 1977. National projections for this year indicate that graduates in these areas of study will again show an increase.

APPLICATIONS FOR FALL 1978 ADMISSIONS UP 4.4%

Plattsburgh State applications for prospective students seeking admission to the College for fall 1978 have increased 4.4 per cent over the fall 1977 figure, according to a January 25 report by the Office of Admissions.

Highlighted in the report is a more than two-fold increase in applications for admission to two programs compared to fall 1977. As of January 25, applications for admission to the College's business major had increased by 648 (204 per cent). In the College's communications program, an increase of 77 prospective student applications (161 per cent) has already been reported as compared to last fall.

The report indicates that Plattsburgh State is the only SUNY school presently showing an increase in prospective student applications.

College officials conclude that the increase can be attributed to factors which new students have identified, in questionnaires, as leading reasons why they chose to attend Plattsburgh State rather than one or more other public or private institutions. The predominant factors: Plattsburgh offers the academic programs of choice; the College is favorably situated, geographically; and Plattsburgh State enjoys a fine academic reputation.

COLLEGE RECEIVES \$780,017 IN GRANTS; 4TH AMONG SUNY ARTS AND SCIENCE COLLEGES

The College received \$780,017 in grants during a one-year period, from July 1, 1976 to June 30, 1977.

This is the report from the SUNY Research Foundation which ranks Plattsburgh State fourth among the 14 colleges of arts and science in the State University of New York.

According to its yearly report, Research Foundation recorded grants to these areas of the College:

Faculty of Arts and Science — \$196,236 (\$145,475 to science and mathematics, \$50,377 to social sciences, and \$384 to the humanities); Faculty of Professional Studies \$5,821; Feinberg Library \$4,569; Administration \$69,478; Work-Study Program \$168,789; and Technical Assistance Center \$340,124.

SENATE-ASSEMBLY BILL SEEKS STATE FUNDING FOR TAC

A bill to amend the state commerce law in relation to New York's two Technical Assistance Centers (TAC) has been introduced in both the Senate and Assembly by Senator Ronald Stafford and Assemblyman Andrew W. Ryan. The bill calls for a maximum of \$300,000 to be appropriated to the State Commerce Department to fund the TAC offices at Plattsburgh State and SUNY Binghamton.

Presently, the two TAC offices receive appropriations through the U.S. Economic Development Administration and State University. Tom Williamson, director of TAC at Plattsburgh, explained that if the senate-assembly bill is passed the two TAC offices will be able to provide more free assistance to businesses and industries in their service area, expand their present staffs and also possibly expand their service areas. Williamson said that the Plattsburgh State TAC office has been overloaded with requests for assistance from individuals within their service area and the office has had to establish priorities on what projects can be undertaken. Under state funding, many TAC projects would be earmarked as priorities by the New York Department of Commerce.

CETA FUNDING ESTABLISHES CAMPUS RESOURCE CENTER FOR NORTH COUNTRY HANDICAPPED

A Resource Center for the Handicapped has been developed under a CETA grant coordinated by the College's Department of Personnel and Affirmative Action. The center will serve North Country individuals who have a handicapped condition or disability as defined in the Federal 504 Regulations. The service will attempt to answer questions, provide information and give assistance to individuals who either have a physical or psychological impairment which has an effect on their ability to function at home, work or school.

Dale Moose, director of the Resource Center, explained that individuals who seek assistance cover the common disabilities (i.e. visual, hearing and mobility), as well as conditions of hypertension, diabetes and learning disabilities. The Resource Center will make available its files, and provide advisory and resource assistance in an attempt to respond to any request relevant to the needs of the disabled. Persons seeking assistance can report directly to the Resource Center Office located in Room 708 of the Kehoe Administration Building. The telephone number is 564-2006.

CHICAGO DOCUMENTARY FILM DIRECTOR ON CAMPUS THURSDAY

DeWitt Beall, a Chicago director of documentary films, will present two of his most recent productions Thursday evening at 7:30 in Hawkins Auditorium. The presentations include "The Lord Thing," a documentary history on one of Chicago's largest black street gangs, and a short film study on environmental influences and how it shapes human behavior entitled, "Help Yourself."

Beall is a graduate of Dartmouth College and the School of Film Production at the University of Illinois. His poetry and articles on human behavior have been published by *Atlantic Monthly*. His guest appearance is sponsored by the College's History Department and the Speakers' Coordinating Council. The program is free and open to the public.

SCHENECTADY FIRM RECEIVES DEMOLITION BID FOR CV HOSPITAL

Jackson Demolition Service of Schenectady has been awarded the contract for the razing of the former Champlain Valley Hospital located on the Plattsburgh State campus. Demolition will begin as soon as workers from Jackson Demolition report to the job site and meet with college officials. Deadline for completion of the project is May 31. Jackson Demolition submitted a bid of \$33,900 to raze the 75-year-old structure.

BATTLE FOR FIRST PLACE AS CARD ICERS MEET ELMIRA; PARKER LOST FOR SEASON

An overflow crowd is expected at the Field House this Saturday evening when Plattsburgh State's hockey team faces Elmira College in a contest that will determine first place in the ECAC Division II West. Elmira handed the Cardinals a 7-5 defeat on its home ice two weeks ago. Both clubs have only two losses this season. Plattsburgh State freshman Danny Brown continues to maintain a large lead in the ECAC Division II scoring race with 54 points to his credit in 14 contests. Brown's four-goal performance last Saturday paced the Cardinals to a surprising 9-4 division win over the University of Buffalo. Faceoff for the Elmira contest is 7:30 p.m.

The Cardinal basketball squad suffered a heavy blow to its quest for the SUNY Conference crown on Saturday when it lost Larry Parker, the College's all-time leading scorer and rebounder, for the season. The 6-6 senior caught an elbow below his right eye in Saturday's 49-48 win over Cortland State. Parker bowed out this season as the fifth leading rebounder in ECAC Division III with 256 rebounds to his credit. The Cardinal cagers are presently 10-7 on the season and 3-2 in SUNYAC play. They host St. Lawrence College at 8:00 tonight in Memorial Gym.

State University College of Arts and Science - Plattsburgh

FULBRIGHT LECTURESHIPS AWARDED TO DRS. BETHLEN, GORE

Two Plattsburgh State faculty members have been awarded 1978 Fulbright lectureships in Latin America. Dr. Francis Bethlen, professor of business and economics and Dr. Peter Gore, associate professor of environmental science, are among 51 scholars nationwide awarded lectureships to 21 Latin American Republics.

Dr. Bethlen is the recipient of a senior lectureship award under the Fulbright-Hays International Exchange of Scholars. He will serve a 12-month period at the University of Nicaragua in Managua, beginning June 1978. Dr. Bethlen previously received a Fulbright award in 1969 to serve a one-year period at the University of Cordova and the University of Rosario in Argentina.

Dr. Gore will work with the National Institute of Agricultural Research in Quito, Ecuador, during an undetermined three-month period some time this year. Dr. Gore previously worked as a Peace Corp volunteer in Ecuador from 1964-66. Since 1967, he has worked in establishing a Field Study Program for rural farmers in Ecuador co-directed by his wife, Dr. Jane S. Gore, a faculty member in the College's Home Economics Division.

For the past four years, the Field Study Program has involved selected students from Plattsburgh State and undergraduates in the Latin American Studies Program and Department of Rural Sociology at Cornell University.

PSI EPSILON CHI STAGING SUCCESSFUL BLOOD DRIVES

Since the fall semester, four campus blood drives coordinated by Psi Epsilon Chi Fraternity have netted 267 pints of blood for the Champlain Valley/Physicians Hospital Medical Center Blood Bank. Mike Hitchcock, Psi Epsilon Chi blood drive chairperson, reported that 73 pints of blood were collected from student donors at the fraternity's February 4 blood drive. The campus blood drives are supervised by lab technicians from CVPH and assisted by Plattsburgh State nursing students. Hitchcock explained that over the past four years, each fraternity-sponsored blood drive has averaged approximately 55 pints of blood. Record turnouts by Plattsburgh State students this academic year have already raised that average to nearly 67 pints.

"Students from Plattsburgh State have consistently been the number one community group which donates blood to CVPH," explained CVPH Pathologist, Dr. Thomas Halleron. "The students are always generous in covering the blood demands of this community. If other members of the community responded as well as Plattsburgh State students, then the blood bank would never be in need of blood donors."

Psi Epsilon Chi's next campus blood drive is scheduled for Saturday, March 4, from noon to 4 p.m. in the Macdonough Hall Lounge. The fraternity urges participation from students as well as donors from the College's faculty and staff.

UPWARD BOUND FUNDED \$600,000 GRANT FOR THREE YEARS

Plattsburgh State's Upward Bound Program has recently been funded \$600,000 under a three-year grant from the U.S. Office of Education. The recent grant is reported to be one of the largest ever awarded to a Plattsburgh State program.

Tom Moran, director of Upward Bound, explained that the three-year funding would continue to support the program's five full-time professional staff members in providing educational services to Clinton, Essex and Franklin county high school students who are economically and educationally disadvantaged.

Moran stated that 130 high school students are presently being aided by the program. Funding also includes Upward Bound's six-week summer counseling program which employs 18 Plattsburgh State undergraduates as tutor-counselors along with 12 instructors selected from Plattsburgh State and local area high school faculties.

SEN. JAVITS COMMENDS TAC FOR PROMPT AND PROFESSIONAL ASSISTANCE

U.S. Senator Jacob K. Javits (R-NY) recently addressed a letter to Tom Williamson, director of the Technical Assistance Center (TAC) at Plattsburgh State, commending TAC for its cooperation in assisting the Senator and his staff on a variety of industrial development projects throughout New York State.

In his letter to Williamson the Senator commented: "It has been a pleasure to often refer constituents or potential employers from out-of-state to the center knowing that assistance will be prompt, professional and thorough. From first-hand experience I know of the outstanding technical ability of your staff — notably Erik Johnsen, Robert Daly and John Homburger — and the expertise they have brought to so many problems. The value of your work may be measured by many expanded and diversified existing industries and businesses, new business ventures and the resulting increase in jobs for New York State residents."

FACULTY SENATE SUB-COMMITTEE EVALUATING STUDENT AFFAIRS DIVISION

A Faculty Senate Sub-Committee for Student Affairs, chaired by Dr. Philip English, is presently developing questionnaires for evaluating services provided by the College's Student Affairs Division. Questionnaires will be sent to those faculty, staff and students involved in specific student affairs programs. Persons will be asked to rate the effectiveness of present programs and access the need for additional services. Data will be compiled over a one and one-half year period and a final report will be submitted to the Student Affairs Staff by spring, 1979.

CARDINALS AND OSWEGO STATE TIED IN SUNYAC RACE; ONE AND TWO IN ECAC

Plattsburgh State's upcoming home-and-away hockey contests with Oswego State will decide the champion of the State University of New York Athletic Conference along with determining the outcome of the ECAC II West standings. Both clubs will risk 7-0 SUNYAC records when they meet in Oswego Saturday night. The Cardinals' 6-4 victory over Elmira last Saturday night at the Field House put Plattsburgh State in sole possession of first place in the ECAC West with a 16-2 overall mark. Oswego State is in second place, two games behind the Cardinals, with a 15-4 record. The two schools will meet again in Plattsburgh on February 25. Both contests will be critical in deciding the 1977-78 SUNYAC championship and also the seeding in ECAC tournament play coming up March 4, 8 and 11.

SENATE ASKED TO RESPOND TO REPORT ON SUNY ACADEMIC FREEDOM AND TENURE

At its monthly meeting on February 7, the Faculty Senate heard Senator Warren Slocum transmit a request from SUNY that members of local senates read and respond to a position paper from its Committee on Professional Rights and Responsibilities endorsing the August 1977 AAUP Committee report on academic freedom and tenure in SUNY.

In another item, the Senate asked the Standing Committee on Undergraduate Studies to develop definitions and procedures to establish an all-college policy on plagiarism and cheating.

Additionally, the Senate began discussion on a student grievance procedure model submitted by the Arts and Sciences faculty for consideration as an all-college policy.

PHOTO OF 'AMITIE' APPEARS IN 'ART IN AMERICA'

A photograph of Plattsburgh State's "Amitie," by sculptor William King, appeared in the November/December issue of the prestigious national art magazine, "Art in America." The photograph was used to promote an exclusive show of King's works at the Zabriskie Gallery in New York November 15 - December 10.

DR. DIRLAM ORGANIZES SYMPOSIUM FOR NATIONAL RESEARCH MEETING

A symposium entitled "Alternatives to Empirically Derived Standardized Tests" has been organized by Dr. David Dirlam, director of the Plattsburgh State Educational Research and Demonstration Center (ERDC). The symposium will be presented at the annual meeting of the American Educational Research Association, March 27-31 in Toronto. Marshall Smith, U.S. Assistant Commissioner of Education and Herb Zimiles, director of research at Bank Street College of Education, will be discussants for the symposium. David Irvine of the New York State Educational Department will be the chairperson.

The paper presented by Dr. Dirlam is based on research done by the ERDC faculty relative to rating the developmental stages of children's drawing and discourse. Dr. Dirlam maintains that the basic data compiled from the rating system of children's work is just as reliable as standardized tests.

PLATO PHILOSOPHER GUEST AT THURSDAY COLLOQUIUM

Dr. Nicholas P. White, associate professor of philosophy at the University of Michigan, will be guest speaker at the College's Philosophy Colloquium on Thursday, at 8 p.m. in the Cardinal Lounge. His topic will be Plato's "Republic." The colloquium is sponsored by the College's Philosophy Department and funded by the Student Association. State University College of Arts and Science - Plattsburgh

PLATTSBURGH STATE WEEK AT THE MALL, MARCH 6-12

Exhibits and demonstrations representing various College academic areas and administrative departments will feature the first "Plattsburgh State Week" at the Pyramid Mall, March 6-12. Eight exhibit booths situated throughout the mall and a demonstration area located in the mall's gateway will be used as presentation sites by Plattsburgh State participants.

Dr. Charles Ricker, assistant director of Continuing Education and coordinator of the mall exhibits, hopes that the event will provide the College an opportunity to inform the public of the services it provides to the community. Demonstrations and exhibits will be conducted by Plattsburgh State faculty and staff members along with students in each of the participating major areas of study.

College academic areas participating as exhibitors include: biology and biophysics, business and economics, chemistry and biochemistry, elementary and secondary education, environmental studies, geography, hearing and speech science, home economics and nursing.

Also providing exhibits will be the Technical Assistance Center, Comprehensive Education Center, the Educational Resource and Demonstration Center (ERDC), the Resource Center for the Handicapped and the International Studies Center. Administrative offices included as exhibitors are: the Office of General and Continuing Education, Admissions, Financial Aids and the Upward Bound and Educational Opportunity programs.

One and one-half hour demonstrations will be conducted by students and faculty of the ERDC, instructors in the College's Continuing Education program and the Lakeside Chorale and North Country Camerata.

95% OF RESIDENCE HALLS OCCUPIED; 2,661 STUDENTS LIVING ON CAMPUS

A report on second semester campus housing figures released by the Residence Life Office indicates that 95 per cent of the College's 12 residence halls are occupied, with 2,661 Plattsburgh State students living in campus residence halls. Of that total, 1,539 are women and 1,122 are men.

The second semester figures are down from 102 per cent listed last September. William Laundry, director of Residence Life, said the drop from first semester is a common occurrence because of first semester graduation, second semester student teaching assignments and academic dismissals. Laundry explained that although the occupancy figure is down from fall semester, the present level is three per cent higher than this time last year.

"I'm pleased with our present figures because it has reduced the overcrowding in the dorms that we experienced first semester and gives us more flexibility in our room facilities," Laundry said. "We can offer double rooms as singles to students who prefer living alone and we can also convert empty rooms for the purposes of study rooms or no-smoking rooms."

The occupancy report also indicated that 1,518 full-time Plattsburgh State undergraduates live off campus and approximately 267 full-time undergraduates commute to the College from their homes.

'LIFE AND TIMES OF THE 60's' THEME OF WINTER WEEKEND

Winter Weekend '78 starts tomorrow evening with a talent show in Hawkins Hall Large Auditorium at 8:00 p.m. Patterned after the "Life and Times of the 60's," the weekend schedule includes a Friday night beer blast at "The Pub," Saturday afternoon outdoor sporting events and a Saturday evening semi-formal dance. Snow sculptures and window paintings will be judged Saturday at 2:00 p.m. The weekend will conclude with a Sunday afternoon "Coffeeshouse on Ice" at the Field House, beginning at 3:30 p.m. The calendar in this issue of *Weekly* has complete details on the weekend.

CARDINAL HOCKEY TEAM MAINTAINS FIRST PLACE LEAD; CORTLAND AND OSWEGO NEXT

In an away contest last Saturday evening, the Cardinal icers dumped Oswego State 5-2 despite flu and injuries which depleted the team to just 12 players. The victory upped the Cards' overall record to 15 - 2 — the best in the ECAC Division II West. In addition, the victory moved the Cardinals one more step toward the New York Collegiate Hockey Association crown with an 11-1 record and the State University of New York Athletic Conference championship with an unblemished 8-0 mark.

Cardinal sophomore forward Rich Goodwin, replacing the injured Teddy Dash, scored the hat trick to lead in the Oswego victory while freshman goalie Rick Strack held Oswego's high-powered offense scoreless in the third period.

The Oswego win also enhances Plattsburgh State's chances to being seeded either number one or two for the upcoming ECAC playoffs. The Cardinals host Cortland State Friday night at the Field House and then get set for a Saturday rematch with Oswego State. Face-offs for both contests are at 7:30 p.m. The Card icers finish the regular season on February 28, at Middlebury College.

COLLEGE COUNCIL MEETS TODAY

Plattsburgh's College Council has scheduled its regular February meeting for this afternoon (February 22) beginning at 3:30 in the board room on the tenth floor of the Kehoe Administration Building. Students, faculty and interested persons from the community are invited to attend meetings of the Council. The agenda includes committee reports from College Council members; an update by President Burke on current College matters; a report by Bernard J. Seawell, vice president for finance and management, concerning the CAS Food Service Contract; and a review of student budgets and fees by Student Association president Bruce Mante. Council meetings generally last for approximately 90 minutes.

PLATTSBURGH STATE TO HOST FIRST SUMMER FIGURE SKATING SCHOOL

Plattsburgh State, in cooperation with the Skating Club of the Adirondacks, has announced it will host its first eight-week summer figure skating school June 26 to August 20. Director of the school will be Louis Frigon, Plattsburgh State ice program coordinator, and double gold medalist professional Irma Stargo Magee of Canton, who will be director of skating. Ms. Magee will be assisted by a staff of eight professional North Country figure skaters.

Instruction will include figure, freestyle and set-pattern dance skating. Freestyle and dance sessions will be held during the day and also from 7:30 p.m. to 10:30 p.m. each weekday in the Plattsburgh State Field House. Lesson and program practice sessions will be videotaped for playback.

Basic fees for the entire eight-week course is \$190.00 or \$100.00 for half the season (four weeks). A weekly rate of \$50.00 is also offered. Room and board for resident students — those who receive full room and board in campus residence and dining halls — will be \$65.00 per week. Further information and application forms may be obtained by contacting the Plattsburgh State Division of Health, Physical Education and Recreation at (518) 564-3140.

VA OFFICE RECEIVES ONE-YEAR HEW GRANT

The Plattsburgh State Veteran's Affairs Office has recently received a one-year U.S. Health, Education and Welfare Department (HEW) grant totaling \$8,732 for the veteran cost of instruction program. The grant will provide educational benefits to veterans, active duty personnel and dependents of deceased or disabled veterans. Presently, approximately 350 Plattsburgh State students receive some type of educational assistance through the VA Office.

PROGRAM, CODIRECTED BY MAN AND ENVIRONMENT, WILL TELL THE LAKE CHAMPLAIN 'FISH STORY'

What will the fishing population in Lake Champlain be like tomorrow? This is the topic at the Saturday, March 4, "Winter Event About Lake Champlain" program to be held in Given Auditorium on the University of Vermont campus. Organized by the Ad Hoc Committee on Lake Champlain, which Plattsburgh State's Institute for Man and Environment is a charter member, the program is designed to cover the histories of fisheries in Lake Champlain and examine in detail present fishing activities and fish populations. The lake's recreational and commercial values will be discussed along with the Canadian interest in the Lake Champlain resource. The program will conclude with presentations on the ways the lake's valuable asset may change in the future.

Presentations for the program will run from 9:00 a.m. to 4:00 p.m. and are free and open to all interest groups and individuals in the Lake Champlain area. The Lake Champlain Winter Event is followed by a summer program in late June hosted by the Plattsburgh State Institute for Man and Environment at the Valcour Conference Center.

BOSTON COMPANY TO PERFORM WORKS OF MOLIERE THURSDAY EVENING

The Department of Foreign Languages and Literature is sponsoring the French Theatre in Boston's presentation of "Spectacle Moliere," on Thursday, February 23 at 7:30 p.m. in Hartman Theatre. The production, done entirely in French dialogue, is a review of eight scenes from the plays of famous 17th century French playwright, Moliere. Presented in two acts, the play was adapted from the works of Moliere by French actor and director Bernard Uzan. The presentation is free and open to the public.

VOLUNTEERS NEEDED AT CLINTON CORRECTIONAL FACILITY

Clinton Correctional Facility needs tutors for inmates enrolled in the Literacy Volunteer Program and to participate in a social program for inmates who have experienced difficulty in adjusting to a correctional setting. Anyone interested in assisting in these programs should write to Nancy Barkley, Coordinator of Volunteer Services, Box B, Clinton Correctional Facility, Dannemora, N.Y., 12929 or call 492-7921, or 561-3262, ext. 209.

LIBRARY OFFERS LOW COST PHOTOCOPIES; PROVIDES FORM LETTERS FOR PERMISSION ON COPYRIGHTS

Five-cent top quality photocopies are now available at Feinberg Library. Library officials explain that the service is designed to offer inexpensive campus photocopies, particularly for large orders. Minimum orders of one dollar accompanied by the material to be copied and prepayment of estimated charges will be accepted at the Main Desk. Copy orders can usually be completed in 24 hours during weekdays.

The library also announces that form letters for faculty members wishing to obtain permission of copyright holders for class use or course reserve can be obtained at the Main Desk. Faculty are reminded that permission of copyright holders is required in order to make more than one copy of copyrighted materials for reserve use.

CHANCELLOR WHARTON WILL DELIVER COMMENCEMENT ADDRESS

Dr. Clifton R. Wharton, Jr., SUNY's new Chancellor, has accepted an invitation by President Burke to deliver the main address at the College's 88th annual commencement exercises on Sunday May 14.

Chancellor Wharton's busy schedule will allow him to make only four commencement addresses at SUNY units this spring. Plattsburgh State will be the only college of arts and science at which Dr. Wharton will deliver a commencement address.

LETTERS BEING ADDRESSED TO PROSPECTIVE STUDENTS FROM COLLEGE ALUMNI

Nearly 2,500 personal letters are presently being addressed to prospective students who have been accepted for admission to Plattsburgh State but who have not yet made a commitment to attend our College. The project is coordinated by the College's Alumni and Admissions Offices. The letters are signed by a Plattsburgh State alumnus and addressed to individual students who reside in their general vicinity. The letters provide congratulations to the student for being accepted to the College and offer the individual the opportunity to either meet with the alumnus or telephone the person in order to answer questions on the College's current academic programs and physical facilities.

ADMISSIONS GIVES PROGRESS REPORT ON DEPARTMENTAL RECRUITING BROCHURES

David Truax, director of admissions, has announced that eleven departmental brochures for recruiting students have been completed and are available for distribution.

Brochures are available for the departments of biological sciences, business, chemistry, communications, computer science/mathematics, earth science, engineering 3+2, environmental science, music, physics and psychology. The nursing department brochure is currently being printed. Each department chairperson has received a minimum of 50 brochures and more will be forwarded upon request.

Draft brochures approved by the departments and presently in the college relations office for final editing are: biochemistry/biophysics, Canadian studies, political science and health education.

Truax explained that all first-draft brochures submitted by departments will be rewritten to a standardized format and forwarded to departments for approval before being sent to college relations.

The departmental brochures are the newest directive being undertaken by the Admissions Office in new student recruitment and provide a supplement to the College viewbook and the recently-published College Catalog.

FCC AWARDS STUDENT RADIO STATION BROADCAST TOWER PERMIT

Plattsburgh State student radio station WPLT has recently been issued a permit by the Federal Communications Commission for the construction of a broadcast tower to be located atop the Kehoe Administration Building.

Marc Wald, WPLT general manager, explained that the construction permit will enable the station to serve as a campus and community non-commercial educational broadcast operation. The station will have ten watts of broadcasting power located at the 91.1 Megahertz frequency. Wald said the station will feature "progressive music" accompanied by a variety of public affairs programming. Construction of the broadcast tower will begin in the near future.

The station celebrated its twelfth anniversary this month as the radio voice of the Plattsburgh State Student Association. Faculty advisor to WPLT is Dr. Philip English. Roy Edmonds has served as the station's chief engineer for the past five years.

CARDINALS CAPTURE SUNYAC AND NYHA CROWN; BATTLE FOR #1 SEED IN ECAC WEST

At press time the Plattsburgh State Cardinals were headed to Vermont for a Tuesday afternoon contest with Middlebury College to decide the ECAC Division II West champion. The winner of that contest would earn the number one seed in ECAC tournament play beginning this Saturday. Over the past weekend, Plattsburgh State clinched the State University of New York Athletic Conference (SUNYAC) hockey championship and the New York Hockey Association (NYHA) crown with wins over Cortland State, 12-2, and Oswego State, 7-5, respectively. The victories completed the Cardinals SUNYAC record at 10-0 and NYHA mark at 13-1 and assured Plattsburgh State home ice advantage in the first round of the ECAC West Division playoffs.

A win over Middlebury yesterday afternoon would give the Cardinals the ECAC West title with an 18-2 overall mark and conceivably home ice advantage in all three single-elimination playoff contests. The Cardinals' opponent in Saturday's first round will be determined this morning. Likely opponents are Army, University of Buffalo, Williams College or the University of Massachusetts.

The playoffs are an ECAC sponsored event and all ticket prices are determined by the ECAC Hockey Playoffs Committee. Tickets for Saturday's contest at the Field House are \$3.00 for reserved seats, \$2.00 for general admission and \$1.50 for Plattsburgh State students only. Tickets go on sale at the College Center today (Wednesday) at noon until 10 p.m.; Thursday and Friday from 8 a.m. until 10 p.m.; and Saturday from 9 a.m. until 5 p.m. Tickets will also go on sale Saturday at the Field House ticket office beginning at 9 a.m. until game time. **All season passes are suspended for the ECAC playoffs games.**

Faceoff for Saturday's game is scheduled for 7:30 p.m.

STUDENT AFFAIRS HIRES TWO NEW COUNSELORS FOR CONSULTATIVE SERVICES AND EOP

Over the past few months, two new counselors have been hired by the College's Division of Student Affairs. Ms. Karen Kosinski has assumed a position with the Counseling and Consultative Services Office. Ms. Kosinski came to Plattsburgh State from Ramapo College, in New Jersey, where she served as a rehabilitative counselor. Along with serving as a regular full-time staff counselor, Ms. Kosinski is in the process of developing a program designed to foster greater awareness of the needs of the handicapped in all departments and divisions of the College.

Ms. Connie Hanks accepted a post earlier this month with the College's Educational Opportunity Program (EOP). As an advisor-counselor, Ms. Hanks will provide academic, social and career counseling for the students enrolled in EOP. Ms. Hanks was formerly an Upward Bound counselor at Kansas State University.

Ms. Kosinski Ms. Hanks

EOP recently was awarded a \$174,400 grant from the State University Office of Special Programs. Elaine Leavitt, EOP director, explained that the grant would be used for direct services to EOP student stipends and tutor-counseling support. Leavitt said that 198 students from both urban and rural backgrounds are presently enrolled in EOP.

ASSISTANT ATTORNEY GENERAL TO ADDRESS HOME ECONOMICS CLASS

This morning New York Assistant Attorney General Charles Lewis will discuss consumer fraud with a College home economics class instructed by Ms. Christine Smith. Lewis will present his topic to students enrolled in the Consumer in the Marketplace course. Lewis is one of a series of second semester guest speakers scheduled to discuss information and topics covered in Ms. Smith's home economics classes.

EDUCATION IN ASIA TO BE TOPIC OF CAMPUS-COMMUNITY PROGRAM

A campus-community speakers' seminar entitled, "Education and Nation Building in Asia," will be conducted by faculty members from Plattsburgh State, Columbia University, University of Buffalo and Fredonia State on Friday, March 3, at 1:10 p.m. in the College Center Music Lounge. The program will feature Dr. C. T. Hu, Columbia University professor of education; Dr. Bhal Bhatt, professor of management at University of Buffalo and Dr. James R. Soukup, professor of political science at State University of Fredonia. The guest speakers will talk on the particular role education plays in the development of economics and human resources in the Asian countries of India, Japan and the Peoples' Republic of China. The program is funded by the Plattsburgh State Speakers' Coordinating Council, the College's Department of Political Science and the State University Faculty Exchange Program.

ERICK HAWKINS MODERN DANCE COMPANY TO APPEAR ON CAMPUS FRIDAY AND SATURDAY

The nationally renown Erick Hawkins Dance Company will present three modern dance workshops on Friday, March 3, and a Saturday, March 4, evening performance at Plattsburgh State University College. The Saturday performance is scheduled for 8 p.m. in Hartman Theatre located in the Myers Fine Arts Building. Admission is \$2.50 for the general public and free to Plattsburgh State students.

Acclaimed by critics as one of the most original present day modern dance theater groups, the Erick Hawkins Dance Company's evening performance will also feature composer Lucia Dlugoszewski. Members of the Company will conduct three Friday modern dance workshops at 10 a.m., 1 p.m. and 3 p.m. in Memorial Hall's Dance Studio. The 3 p.m. workshop will be personally conducted by Erick Hawkins. Also included in Friday's program is a 1 p.m. lecture demonstration by Lucia Dlugoszewski in Room 116 of the Myers Fine Arts Building. The Company's Plattsburgh State appearance is sponsored by the Campus Arts Council.

State University College of Arts and Science - plattsburgh

CHANCELLOR WHARTON PLEDGES SUNY RESOURCES TO HELP REJUVENATE STATE'S ECONOMY

State University of New York Chancellor Dr. Clifton R. Wharton, Jr., in his first policy statement since he assumed University leadership in late January, addressed the New York State Publishers' Association Meeting in Syracuse Monday evening and proposed that the 64 campus SUNY systems expand its public service programs in a major effort to rejuvenate the state's economy and improve its human resources.

"I have decided that one of my priorities during my first year in office will be the strengthening and expanding of the State University's public services activities," Dr. Wharton told the Syracuse audience, "During the coming year we should expect numerous actions and emphases designed to bear the enormous resources of all of SUNY on the revitalization of New York State."

Chancellor Wharton, a leading specialist in economic development, proposed a "knowledge extension service" to make the expertise of the University's considerable research, scholarly and professional resources directly available and useful to industry, commerce and city and state governments.

Chancellor Wharton stated that it is especially important to "forge strong bonds" between the state's public sector and industry and government when the state economy is in dire straits and when economic growth is now so heavily grounded in new knowledge.

"I submit to you that the State University of New York offers the greatest single concentration of intellectual talent in problem solving resources in the state," Wharton said. "What I shall try to do, and I'm sure our presidents and most faculty will try too, is harness the resources of this University for the rapid and vigorous economic and human development of New York State."

BIDS RECEIVED FOR MAJOR CAMPUS SEWER AND DRAINAGE CONSTRUCTION PROJECT

Bids for the construction of separate storm and sanitary sewer lines on the Plattsburgh State campus and the development of a drainage system for electrical manholes have been submitted to the State University Construction Fund Office for consideration.

The project, one of the largest construction operations to be conducted on the Plattsburgh State campus in recent years will comply with a mandate by state and federal pollution control laws which require separate storm and sanitary sewer systems. The project is expected to begin in early spring.

Four Plattsburgh area construction firms have submitted bids for the project with SABCO Construction of Plattsburgh entering the lowest qualified bid of \$287,741. Next was Tracey Trembley (\$302,467), Hammond Lane (\$332,986), Luck Brothers (\$334,583) and Andreon Construction, Inc., Albany (\$349,000).

Derek Allan, Plattsburgh State director of facilities planning, explained that the majority of the storm and sanitary sewer construction will center around the Hawkins Hall grounds. The construction is expected to alleviate existing flooding conditions in the basement of Hawkins Hall and the parking area west of the building. Construction will require excavation of the ground surrounding the perimeter of Hawkins Hall in order to install additional 18 to 30 inch storm sewer lines. A new 15 inch storm line will also be built through the pond between Hawkins and Hudson Halls.

Also included in the construction project is the installation of electric drainage pumps in various power and signal manholes located throughout the campus. Allan said these manholes have recently been subject to flooding which has caused difficulties with signal devices and the interruption of electrical service in residence halls and academic buildings.

The project will be administered by the New York Regional Office of General Services. No action will be taken on the project until the State University Construction Fund Office decides on the lowest qualified bidder.

SEARCH COMMITTEE SELECTED FOR VICE PRESIDENT FOR STUDENT AFFAIRS

David Truax, Plattsburgh State director of Admissions, will serve as chairperson of the search committee that has been formed to seek a replacement for Dr. Thomas D. Aceto, vice president for student affairs. The committee will be comprised of Dr. Townsend Carpenter, Cheryl Daly, Dr. Philip English, Mr. Russell Hamilton, Ms. Cheryl Hogle, Mr. Donald Garrant, Mr. Daniel Manning, a College Council member; Ms. Nancy McGaulley, '51 alumnus; Ms. Jane Minnier, Mr. Thomas Moran, Ms. Phoebe Sturm, Dr. Richard Sudds and Ms. Jaimie Trautman. Executive secretary and non-voting member on the committee will be Ms. Lucie Marion. In addition, four students will be named to the committee in the near future. Dr. Aceto resigned, effective June 30, to accept a similar position at the University of Maine at Orono.

PLATTSBURGH STATE'S HOCKEY SQUAD TRAVELS TO ELMIRA FOR ECAC SEMIFINALS

Coach Lou Frigon's Cardinal hockey team will be in Elmira tonight for the ECAC West Division II semifinals. The Cardinals advanced to the semifinals after defeating Army, 6-3, at the Field House last Saturday night. Three goals by junior center Matt Wescott and a goal and three assists by rightwinger Danny Brown carried the Cardinals over the Cadets and into the semifinals against second-seed Elmira. The two schools faced each other twice last month with Elmira winning the first contest 7-5 and the Cardinals taking the rematch at home, 6-4. The winner of tonight's game will face the winner of the Norwich-Middlebury contest also scheduled for tonight. If Plattsburgh State defeats Elmira, then the Cardinals will advance to the Saturday championship either to face number one-seed Middlebury away or number five-seed Norwich University at the Field House.

DR. GORE RECEIVES GRANT TO STUDY RURAL TRANSPORTATION IN CLINTON COUNTY

A grant of \$5,000 has been awarded to Dr. Peter H. Gore, assistant professor of the College's Institute for Man and Environment, in order to conduct a study of rural transportation in Clinton County. The grant is a supplement to Dr. Gore's existing grant to study access to services in Clinton County under Title V of the Rural Development Act of 1972. Dr. Gore's recent study will begin with a review of commuter patterns to the major employers in Clinton County, resulting in a series of traffic density maps. Private transportation resources will also be inventoried with all of the information finally integrated to produce a comprehensive rural transportation plan for Clinton County.

MARCH 12 COLLEGE-COMMUNITY ORCHESTRA DAY

Plattsburgh Mayor John I. Ianelli proclaimed March 5 and 12 Plattsburgh State College-Community Orchestra days in honor of the orchestra's two March "Pops Concert" performances. On Sunday, March 12, the Orchestra will present their second performance of familiar and contemporary musical works at a conventional concert in Hawkins Hall Large Auditorium, beginning at 7:30 p.m. Guest artist will be Dr. Robert Frank, singer and conductor of the Plattsburgh State Chorale. COLLEGE REQUESTS SUNY TO SEEK \$167,750 FROM SUPPLEMENTAL BUDGET

President Burke has requested that State University include a total of \$167,750 for Plattsburgh State in the University's supplemental budget requests. Traditionally, that budget is the final item of business to come before the State Legislature prior to its adjournment in May or June.

Included in Plattsburgh's request are funds totaling \$112,000 for restoration of two of SUNY's original requests for the College in the Governor's budget: (1) salary augmentation to properly staff the business department, and (2) a price increase for library acquisitions.

President Burke also seeks funds for the Medical Technology Internship Program, external evaluations, for nursing accreditation, and dollars to provide students in the work-study program with the federal minimum hourly wage.

In seeking restoration of funds for the business program and the library, the President wrote to SUNY: "While I recognize that the supplemental budget is normally limited to the presentation of new items, the highly favorable enrollment picture at Plattsburgh and the impact of that enrollment on the Business Program and the new library causes me to seek special consideration for our two original budget requests."

91.9% OF STATE TAP APPLICATIONS PROCESSED; 55% OF PSUC STUDENTS RECEIVE TAP AWARDS

According to a news release from the New York Higher Education Services Corporation (HESC), a total of 424,677 Tuition Assistance Program (TAP) awards to college students enrolled this academic year had been processed as of February 1. The figure is 91.9 per cent of the total number of student TAP applications received by HESC since fall semester, 1977.

Ms. Ruth Tierney, Plattsburgh State Bursar, reported that 55 per cent or approximately 2,925 Plattsburgh State students have received TAP assistance since the February 1 date. Plattsburgh State's figures are based on the total student enrollment at the College beginning fall semester, 1977.

WHARTON SPEAKS OUT ON CAREER EDUCATION

State University Chancellor Dr. Clifton R. Wharton has expressed skepticism over what he described as "a tidal wave of new enthusiasm for vocational and career education."

Speaking before the Third National Conference on Career Education, American Association of State Colleges and Universities, on March 9, in Detroit, Dr. Wharton said that while he would support the vocational and career education trend, he did not wholeheartedly endorse it. Wharton said that most businessmen, especially corporate leaders, prefer to train people in their own way of doing things. But they would like to have the schools graduate young persons who are articulate, literate, good with numbers, informed about democracy and capitalism and, above all, "people who can think."

"The critical question for higher education," Dr. Wharton summarized, "is not how to promote more career education, but how to revise the structure and content of undergraduate education so that it will prepare students for a lifetime of continuous learning and a changing array of jobs, positions and careers."

FACULTY SENATE RECOMMENDS ALL-COLLEGE STUDENT GRIEVANCE PROCEDURE

At the final 1977-78 Faculty Senate meeting on March 7, the Senate adopted a resolution recommending an all-College Student Grievance Procedure, essentially the procedure submitted by the Faculty of Arts and Science for Senate consideration.

The Senate also endorsed the University Senate's position paper on the AAUP report on "Academic Freedom and Tenure in SUNY," with a comment that recent statements from the Higher Education Committee of the New York State Assembly about retrenchment in SUNY are relevant as an addendum.

A brief document outlining an approach to establishing general education requirements was presented by the Undergraduate Studies Committee. It was the sense of the Senate that the document provides intelligent direction.

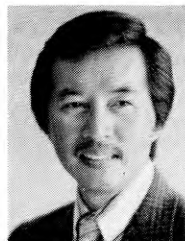

The organizational meeting of the 1978-79 Faculty Senate will be held at 4 p.m. on March 21 in Myers Fine Arts Room 116.

CAMPUS MD FUND DRIVE KICKS-OFF THIS WEEK; DANCE MARATHON APRIL 14-16

The Plattsburgh State campus fund drive for Muscular Dystrophy began this week with a carnation sale now underway until Saturday, March 18, at the College Center and Pyramid Mall. Campus events to raise money for this year's Muscular Dystrophy campaign are scheduled over the next four weeks culminating with the Third Annual Dance Marathon for Muscular Dystrophy, April 14-16. Last year's Muscular Dystrophy Dance Marathon netted over \$7,000 in donations and gate receipts for North Country MD victims.

Dance couples wishing to participate in this year's marathon must register by the Monday, March 20, deadline. Registration forms are available at the College Center Main Desk. The registration fee is \$25.00 per couple. Additional information can be obtained by contacting Plattsburgh State Dance Marathon Committee co-directors, Cynthia Weiss (562-0962) or Kathy Mancini (564-4247).

DR. LEE AUTHORS CONTRIBUTING CHAPTER IN INTERNATIONAL RESEARCH PUBLICATION

Dr. Daniel C. Lee, professor of biology at Plattsburgh State, recently had a contributing chapter on "Plant Mitochondria" published in the international journal, *Botanic Monographs Volume 14: The Molecular Biology of Plant Cells*. The publication is edited by noted plant physiologist Professor H. Smith of the University of Nottingham, England.

Dr. Lee was one of several specialists in plant physiology to contribute to the international reference monograph, which highlights the current advances in plant science and molecular biology. Other contributing authors to the monograph included researchers and professors from Australia, Canada, the United Kingdom and Purdue University.

DR. HOELTZEL TO DIRECT PRE-VOCATIONAL WORKSHOPS

Dr. Kenneth E. Hoeltzel, professor of education at Plattsburgh State, has been selected to conduct middle school workshops in pre-vocational training through a grant from the State Education Department. Ausable Valley Central and Saranac Central middle schools have been selected to take part in the grant which will involve a series of spring workshops approximating 40 hours of instruction.

Each school will enroll twenty middle and junior high school teachers for the purpose of developing pre-vocational curricula to assist junior high students. Dr. Hoeltzel explained that the curriculum will incorporate the basic education objectives of junior high school students with instructional activities which allow students to explore various careers.

This will be the seventh State Education Department grant which Dr. Hoeltzel has directed or co-directed since 1972. Dr. Hoeltzel will go on sabbatic leave during the fall semester to work on the development of a career and life planning program at Ohio State University.

STUDENT VOLUNTEERS NEEDED AS 'OPEN HOUSE' TOUR GUIDES

Student volunteers are needed to serve as campus tour guides for the annual Plattsburgh State College-Community Open House scheduled for Saturday, April 15. Student guides will conduct campus tours of the College's academic and non-academic facilities for an estimated 500 prospective students, their parents, and other relatives and friends of Plattsburgh State. Additionally, the campus will be open for inspection by residents of the local and regional community. Persons interested in serving as tour guides are asked to contact the Admissions Office (564-2040).

FEINBERG LIBRARY TO BE DEDICATED ON FRIDAY, MAY 5

The College's new library, occupied initially last summer, will be dedicated in memory of the late State Senator Benjamin F. Feinberg, noted North Country legislator, educator and administrator, in ceremonies planned for 2 p.m. on Friday, May 5, adjacent to the podium-level entrance to the building. A committee representing faculty, library staff, the student body and administration is coordinating activities for the dedication program and for related proceedings scheduled for Wednesday and Thursday, May 3-4.

Tentative activities in addition to the major event, include dedication of the Rockwell Kent Room in the Library at 4:30 p.m. on May 4, to be followed by a reception for invited guests; a speaker's forum featuring noted scholars; a dedication day luncheon for invited guests; and guided tours of the Feinberg Library.

Further details pertaining to the dedication event will be published in subsequent issues of WEEKLY. Don Garrant, assistant to the president for college relations, is chairing the dedication planning committee that includes: Robert Burton, Dennis R. Doyle, Dr. Carl Englehart, Dr. Alan Everest, Ms. Nilah Hausdorf, Joseph Hennessy, Dr. Nick Mammano, Bruce Mante, Ms. Anne Mitchell, Daniel Scully and Ms. Diana Shih.

JONES FOUNDATION RENEWS \$15,000 GRANT

The W. Alton Jones Foundation has renewed its \$15,000 grant to Plattsburgh State in support of a scholarship program administered by the Plattsburgh College Foundation. One-third of the grant will be allocated by the College Foundation to undergraduates during the year as scholarships or grants in aid. In 1977-78, 13 Plattsburgh State students received financial assistance with funds provided from the \$5,000 unrestricted share of the Jones Foundation gift.

The \$10,000 restricted portion of the grant will support a one-year scholarship for undergraduate study in the Tissue Culture Technology Training program at the W. Alton Jones Cell Science Center in Lake Placid. Paula Campbell, a biology major, has been selected by the College's biological sciences faculty and resident scientists at the Jones Cell Science Center to begin training at the Lake Placid Center in June.

Mary Rosser, a senior medical technology major, will be the first Plattsburgh State student to complete the training program at the Cell Science Center. In May she will receive the BA in biology from the College and the certificate of tissue culture training from the Cell Science Center.

DR. MOORE RECEIVES GRANT TO CONTINUE CELLULAR RESEARCH

Dr. Richard D. Moore, professor of biology at Plattsburgh State, has been awarded a Grant-In-Aid of \$14,165 by the American Heart Association for his continued cellular research into the reaction of "sanguinarine" upon the cell's sodium pump. The sodium pump, located in the cell's membrane, gets its name because of its role in pumping sodium out of the cell and pumping potassium in, thus generating electricity within the cell. Dr. Moore's research in this area could possibly lead to sanguinarine's use as a clinical substitute for digitalis, presently a drug widely used as a cardiac stimulant in heart therapy.

In addition to his Heart Association Grant, Dr. Moore is conducting insulin research under two National Institute of Health grants totaling approximately \$75,000. The NIH grants are funding research into the study of the sodium pump's role in how insulin regulates the cell. Dr. Moore is assisted in his work by two biology post-doctoral fellows, two biology graduate students, a full-time lab technician and five undergraduate biology students.

CEC AUTHORIZED STATE AGENT FOR DEAF INFANT CENTER

The State Education Department has recently approved the continued operation of the Plattsburgh State Comprehensive Education Center's (CEC) North Country Deaf Infant Center. The approval designates the CEC as the authorized state agent for providing compensatory instruction to deaf infants from birth to three years of age. Therapy for the program is coordinated by Paul Kelly, a certified instructor for deaf children and a member of the Association for Retarded Children's Lakeside School.

NEW FACULTY SENATE ORGANIZES; ELECTS DR. JACK L. MYERS CHAIRPERSON

Dr. Jack L. Myers, professor of history, was elected chairperson of the Faculty Senate at the Senate's organizational meeting Tuesday. Dr. Richard Robbins was elected as vice chairperson of the Senate and Dr. Hilton Heming was elected secretary. Elected members of the Senate Executive Committee for the coming year are Dr. William Graziadei and Dr. Eloise Law. University senator Dr. Warren Slocum is also a member of the Executive Committee. Elected members of the Faculty Affairs Committee are Dr. Judith Van Wagner and Dr. Charles Krecz. Dr. Herman Doh was elected chairperson of the Senate Research Planning Committee. The Executive Committee will meet in the near future to complete organization of the Senate by making appointments to the various standing committees.

SECOND ANNUAL SUMMER HOCKEY SCHOOL SCHEDULED FOR AUGUST 20 TO SEPTEMBER 1

The Second Annual Plattsburgh State Summer Hockey School for players from 11 to 17 years of age will be conducted during a two-week summer session August 20- September 1, under the direction of Lou Frigon, Plattsburgh State hockey coach. The session will feature individual and group instruction in all phases of the game, supplemented by a sports and recreation program under supervision of College professional staff. The Hockey School staff will include Jerry York, head hockey coach at Clarkson College; Barry Smith, head hockey coach of 1977-78 ECAC Division II semi-finalists Elmira College; Forbes Keith, head hockey coach at Cortland State; and Lou Reycroft, assistant hockey coach at Rensselaer Polytechnic Institute (RPI).

Tuition for resident students — those who receive full room and board in campus residence halls for the two-week session — will be \$315. Day (commuter) students will be charged \$185, which includes the cost of lunch each day of the session. Further information and application forms may be obtained by contacting the main office of the Division of Health, Physical Education and Recreation (518) 564-3140.

VIDEO ARTIST ON CAMPUS TODAY AND THURSDAY

Artist Steina Vasulka from the Center for Media Study at Buffalo Univ., will be on campus today (March 22) and Thursday to present her works in the field of contemporary video art. A Guggenheim Fellow, the majority of Ms. Vasulka's video work has been done in the realm of electronic abstract manipulation of images. She will present a "hands-on" demonstration beginning this afternoon at 1:00 in Yokum Communications Lecture Hall TV Studio 2. This evening beginning at 7:00, Ms. Vasulka will present a talk and public showing of her work in Room 208 of the Communications Lecture Hall. Tomorrow she will conduct an informal work session from 11 a.m. until 4 p.m. in TV Studio 2. Ms. Vasulka's program is sponsored by the Campus Arts Council and the New York State Gallery Association.

FOUR CARDINAL ICERS NAMED TO NYCHA ALL-STARS; PARKER SUNYAC MVP

Juniors Danny Brown and Matt Wescott and freshmen Doug Kimura and Rick Strack were all named to the first ever New York Collegiate Hockey Association (NYCHA) All-Star Team. Brown, who led the Cardinals and ECAC Division II in scoring with 80 points on 33 goals and 47 assists, was named as the Conference's "Most Valuable Player," while Kimura was selected "Rookie of the Year." The Cardinals won the first NYCHA title this past season with a 13-1 conference record and an 18-4 overall mark.

Senior 6-6 basketball center Larry Parker was named the State University of New York Athletic Conference (SUNYAC) "Most Valuable Player" for the second consecutive year in voting among the 10 conference coaches. Parker, who missed the last six games of the season because of a facial injury, still managed to be the top vote getter for the MVP award along with being named to the All-SUNYAC team for the fourth consecutive year. Parker finished his career at Plattsburgh State as the school's all-time leading scorer (1,557 points) and rebounder (1,568).

COLLEGE LEADS ALL FOUR-YEAR SUNY SCHOOLS IN NEW STUDENT APPLICATIONS

A recent report from the Admissions Office indicates that the College is continuing to lead all four-year State University Colleges in new student applicant rates for fall semester 1978. On the basis of the current figures highlighted in the report, it is projected that Plattsburgh State will experience an 11 per cent increase in new student applications compared to final fall 1977 figures.

According to the admissions report, 7,920 new student applications have been received as of March 20. That figure is just 512 applications short of the 8,432 recorded at the end of the 1977-78 academic year (September 1, 1977). Estimates are that an additional 1,200 applications will be received by this year's September 1 deadline, making the predicted total number of new student applications to Plattsburgh State for fall 1978 in excess of 9,000.

David Truax, director of admissions, explained that the new student enrollment goal for the upcoming academic year is 1,940 students—1,092 of whom will be first semester freshmen. In order for that expected goal to be met, Truax said that approximately 6,500 new student applications will have to be accepted on or before September 1, 1978. As of March 20, more than 4,800 new student applicants have already been accepted for fall 1978 admissions.

109 PERSONS RECEIVE DISCRETIONARY SALARY INCREASES; FACULTY PROMOTIONAL SALARIES RAISED

The first installment of a discretionary salary increase as described in the present agreement between State University and United University Professions, Inc., will be received by 109 Plattsburgh State employees during the April 26 pay period. The discretionary increase was based on the amount of one-half of one percent of an employee's total basic annual salary and only employees hired on or before June 30, 1977 were eligible. A total of \$32,700 had been earmarked to the College for the awarding of discretionary salary raises. Approximately 30 per cent of the College's eligible employees will receive the increase.

In addition to the discretionary salary increases, President Burke recently announced that budgetary revisions in the College's personal service regular account have been made for supplemental increases in promotional salaries of teaching faculty advancing in various academic ranks during 1978-79. These additional increases will also be included to all Plattsburgh State faculty promoted in rank during the period October 1973, to the present. Although payments to those faculty receiving past promotions will not be made cumulatively, a total of \$20,500 in salary increments has been made available to 100 faculty members promoted over the past four years.

"Even though the imposition of vacancy freezes and position ceilings has created staffing problems for the College, I am at least pleased that budgetary revisions will allow us to increase the amount of our promotional increases," President Burke said. "More important, the granting of additional sums to those promoted in the past will increase our average salary at the various academic ranks."

'NIGHT OF THE CHAMPIONS' HOCKEY TEAM TESTIMONIAL SET FOR APRIL 15

Plattsburgh State's 1977-78 Cardinal hockey team, which captured two conference titles enroute to its best season ever, will be honored during a community-wide and all-College testimonial dinner and awards program to be held in the large ballroom of the College Center on Saturday, April 15. The evening will get underway with a 6 p.m. social hour, followed by a buffet dinner and an awards program. Tickets for the dinner and testimonial, dubbed 'Night of the Champions', are priced at \$5.00 per person. Plattsburgh State students with validated meal cards, who purchase testimonial tickets at the College Center desk, will receive a one dollar discount. Tickets are also available at Cahill's in the Pyramid Mall; Ormsby's Sports World; The Barber Shop, and Pavone's Shoe Hospital. The event is being sponsored by the Plattsburgh State Alumni Association.

GET THE SCIENTIFIC FACTS ABOUT CLONING AT LUNCH TIME SEMINAR

Have scientists deliberately crossed nature's boundary in recombinant DNA Research? This topic will be discussed by Dr. H. Z. Liu during a Biological Sciences Lunch Time Seminar entitled **The Fable of Cloning** scheduled for noon Wednesday, April 12, in Beaumont Hall, Room 432. Dr. Liu will discuss the scientific facts behind the brisk rumors about the first cloning of a human. Areas in which European scientists have instituted safeguards in recombinant DNA research will also be discussed.

FRATERNITY DONATES RECENT CAMPUS BLOOD COLLECTION TO YOUNG HEMOPHILIAC PATIENT

A total of 88 pints of blood, the largest single amount ever collected at a Plattsburgh State Psi Epsilon Chi fraternity blood drive, was recently donated in behalf of a four-year-old hemophiliac patient at Read Memorial Hospital near Syracuse. The 88 pints, collected from Plattsburgh State students at a March 4 campus blood drive were donated to the Syracuse Regional Red Cross Blood program in the name of Henry J. Nicols, a hemophiliac who requires 16 units of blood per day to recover from a recent injury.

Psi Epsilon Chi was notified of the young boy's situation by Robert Siana, a Plattsburgh State student who is presently doing volunteer work at Read Memorial Hospital as a health intern. The March 4 blood collection raised the total amount of blood collected by the fraternity this year to 355 pints.

The Nicols family, in a recent letter of appreciation addressed to the Plattsburgh State student body, wrote: "Our family is sincerely grateful to the students at Plattsburgh State for your care and concern, for your gift of life, your gift of blood."

RECRUITER CAREER NIGHT SCHEDULED APRIL 13

More than 60 representatives of social service, law enforcement, business and industry, state and federal government, public service, the health professions, retailing, and the military will participate in a recruiter/career night at Plattsburgh State, on Thursday, April 13. The annual event, sponsored by the Career Planning and Placement Office, provides students with the opportunity to discuss job qualifications and position availabilities with local working professionals. The program will be conducted from 7 p.m. to 9 p.m. in the Ballroom of the College Center. All interested persons are invited to attend.

On Friday, April 14, several of the representatives attending recruiter/career night will be available in the College's Placement Office to formally interview interested seniors. Beginning on Monday, April 10, a complete list of those employers conducting formal interviews will be available in the Office of Career Planning and Placement. All interviews must be arranged prior to Thursday, April 13, and all candidates will be required to prepare a resume in advance of their interview.

SCULPTOR-IN-RESIDENCE CREATING METAL WORK FOR COLLEGE CENTER

Sculptor Sidney Buchanan, a faculty member at the University of Nebraska at Omaha, is in the Myers Fine Arts Building this week conducting all-day workshops in metal sculpture. During his one-week residency, Buchanan will weld a metal sculpture to be permanently installed in the College Center. Buchanan's visit is partially sponsored by the Campus Arts Council and College Center, along with full matching funds made available through a grant from the National Endowment for the Arts.

APPLICATIONS AVAILABLE FOR FALL SEMESTER CUSTOM'S WORK/STUDY PROGRAM

Fall semester applications are presently being accepted for appointment in the cooperative work/study program involving Plattsburgh State and the U.S. Customs Service. The 26-week work/study program entitles students to federal government pay and fringe benefits. Students selected for fall 1978 will be assigned to work full time at either the entry port of Champlain or Rouses Point in the job areas of patrol, inspector or import specialist. Upon successful completion of the program, students will be eligible for consideration for non-competitive appointment in the Customs Service at the GS-5 level. The program is open to all students on an equal opportunity basis. Applications and further information can be obtained in the office of the director of placement in the College Center. Deadline for submitting applications for fall semester consideration is Friday, April 14.

SUNY TRUSTEES TO CONDUCT PUBLIC HEARING ON CAMPUS MAY 4

Several members of the State University Board of Trustees will conduct a public hearing on the Plattsburgh State campus on Thursday, May 4, at 2 p.m. in Ballroom B of the College Center.

Under legislation passed by the 1976 session of the State Legislature, the Trustees must conduct at least four such hearings each year on SUNY campuses. In compliance with the law, the purpose of the hearing "... shall be to *receive* testimony and statements from concerned individuals about *university-wide issues*."

The guidelines for the hearing are as follows:

- Persons wishing to present prepared testimony to the Trustees are requested to *write* Miss Martha J. Downey, Secretary of the University, State University Plaza, Albany, New York 12246 no later than May 3, 1978, with such communication to be received no later than *May 3, 1978*. In their letters, persons are asked to identify in a brief fashion the subject of their testimony and provide Miss Downey with a telephone number, as well as an address to which she can send a confirmation that they reserved a place on the agenda. *Such testimony will be limited to five minutes*, and the speakers will be requested to provide five copies of their written testimony to the Hearing Registration Officer on the day of the Hearing.
- Persons who wish to make brief extemporaneous comments (no more than three minutes) are requested to file their names with the Hearing Registration Officer on the day of Hearing. Time for such comments will be set aside at the end of the Hearing, and such persons will be called upon in the order in which they register with the Hearing Registration Officer.

Trustees attending the Hearing will be James Warren, vice chairman of the Board, who will chair the Hearing; Dr. John L. S. Holloman, Jr.; Mrs. Nan Johnson; Mrs. Gretchen Siegel; and John Duggan, the student Trustee. Also attending will be Chancellor Wharton and several members of his staff.

OPEN HOUSE SET FOR SATURDAY; 600 VISITORS EXPECTED

An estimated 600 prospective students, and their parents are expected to be guests of the College during this Saturday's Plattsburgh State Campus/Community Open House. The program is designed to acquaint prospective students with the campus; the College's faculty, staff and students; academic opportunities and extracurricular life at Plattsburgh State; and admissions and financial aids. Campus tours will be conducted and academic programs discussed. Addressing the Open House participants will be Plattsburgh Mayor John I. Ianelli; College President Joseph C. Burke; Student Association Executive Vice President Robert Harding and College Alumni Association President Bill Wood. The Open House also offers the opportunity for residents of the local and regional community to inspect the campus.

ACADEMIC CALENDAR REVISED TO INCLUDE TWO-WEEK SPRING VACATION

Acting upon a recommendation of the College Calendar Committee, President Burke has approved a revision in the 1979 spring semester class schedule. The major revision calls for next year's spring recess be moved back to begin on Friday, March 9, instead of the original calendar date of Friday, April 6. It was the committee's opinion that the revision was necessary in order for spring recess to occur at the mid-point in the 16-week semester. The original recess period of Friday, April 6, to Tuesday, April 17, was scheduled around the Easter holiday and created an imbalance by falling 12 weeks into the spring semester calendar. Also approved in the revision was a recommendation that spring vacation include two weeks of recess rather than the traditional one-week period.

The following are important dates included in the revised 1979 Spring Semester Calendar: Tuesday, January 16, Spring Semester Begins; Friday, March 9, Beginning of Spring Recess; Monday, March 26, Classes Resume; Friday, April 13 and Monday, April 16, No classes, Easter Vacation (Residence halls will remain open and meals served); Friday, May 18, End of Spring Semester; and Sunday, May 20, Commencement.

DANCE MARATHON BEGINS TOMORROW FOR MUSCULAR DYSTROPHY FUND

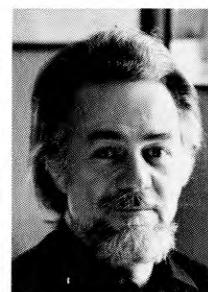

Twenty couples have registered for the third annual 48-hour "Dance for Those Who Can't" marathon which begins at 8 p.m. Friday, April 14, at the Plattsburgh State Educational Development Center (campus school). Proceeds from the marathon, generated by gate receipts, donations and sponsorship of the dancers, will benefit the fight against muscular dystrophy in the North Country area. Last year's event netted more than \$7,000 for the muscular dystrophy fund. Four bands will provide live music for the twenty-two hours of dancing. Competitors will dance Friday from 8 p.m. until 2 a.m.; Saturday from 7 a.m. until 2 a.m.; and Sunday from 7 a.m. until 8 p.m. First place marathon dancers (the couple that completes the marathon and generates the greatest sponsor support) will share a \$500 scholarship provided by the College's Alumni Association. Second place finishers will share a \$250 savings bond provided by the Plattsburgh Distributing Co., Inc.

In addition to the competition, the program will feature a free festival for children Saturday morning, including films and a pony ride. Foosball tournaments, a beer drinking contest, pie-in-the-face games and a greased pig contest will highlight activities throughout the remainder of the day and evening on Saturday. A Montreal-Weekend-For-Two Raffle will be conducted during the marathon activities with the drawing scheduled for Sunday afternoon. Admission to all events (excluding children) will be 50 cents per person.

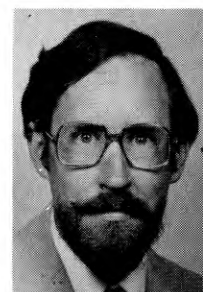

DRS. MORREALE, POLLARD RECEIVE NEH GRANTS FOR RESEARCH

Two Plattsburgh State faculty members have received 1978 National Endowment for the Humanities awards. Dr. Ben Morreale, professor of history, and Dr. Gordon Pollard, associate professor of anthropology, will use their NEH grants to expand their studies in specialized areas of research.

Dr. Morreale is the recipient of a \$15,000 NEH Fellow-in-Residence-Grant at the University of California, Santa Barbara for the 1978-79 academic year. He will participate in a seminar dealing with dual cultural heritages in the U.S. Dr. Morreale will trace an emigrant family from Sicily to the U.S. and attempt to answer the question, "Were the Mafia methods brought to this country or learned in America?" A student of ethnic history and the violence of assimilation for a number of years, Dr. Morreale spent time in both Sicily and Italy doing preliminary work to this study.

Dr. Morreale

Dr. Pollard

Dr. Pollard has received a \$2,500 NEH summer stipend for a research project entitled, "Prehispanic Cultural Development in the Southern Andes of South America." He plans a comprehensive study of the nature, distribution, and development of Indian villages in northern Chile and northwest Argentina, dating from A.D. 1000 to 1535.

OVALLE APPOINTED DIRECTOR OF PERSONNEL AND AFFIRMATIVE ACTION

Victor Ovalle has been appointed as the College's Director of Personnel and Affirmative Action. Ovalle has served in the acting director's capacity since July, 1977. As director, Ovalle will be responsible for monitoring all of the College's affirmative action and equal opportunity programs; the recruitment and employment of classified and professional staff; administering the College's classification and compensation programs; regulating the function of labor relations and contract negotiations and training the College's classified and non-teaching-professional staff. Ovalle has been on the College's personnel and affirmative action staff since April, 1972.

COLLEGE'S FORENSIC UNION CAPTURES SECOND CONSECUTIVE NEW YORK CHAMPIONSHIP

The Plattsburgh State Forensic Union turned in an inspired performance last weekend at New Paltz State to successfully defend their state championship in Individual Speaking Events. The College team accumulated a sufficient number of quality points in three separate events (legislative assembly, debate and public speaking) to out-distance 19 schools, including contenders from St. John's University, U. S. Military Academy and Fordham University. It is the fourth time in six years that the Plattsburgh State student team has claimed the state title. The team will travel to Monmouth College next week to compete in the National Individual Speaking Events Championships.

SOCIAL HISTORIAN TO VISIT CAMPUS; GUEST OF SUNY/PLATTSBURGH LECTURE SERIES

An authority on popular medical views dealing with nutrition and food preparation, Dr. Janet Blackman, University of Hull in England, will be the guest of the Plattsburgh State History Department during an April 13 to 20 visit to the campus. Her one-week stay includes an address on Tuesday, April 18, in room 106 of Hudson Hall as part of the Plattsburgh State Lecture Series. Dr. Blackman's topic will be entitled "Whose Life is it Anyway? The Conflict Between Popular and Medical Ideas on Diet and Health in the Nineteenth Century."

State University College of Arts and Science - plattsburgh

CHANCELLOR WHARTON TO VISIT CAMPUS ON MAY 4, MEET WITH FACULTY AND STUDENTS

Chancellor Wharton will be making his first official visit to the Plattsburgh State campus on Thursday, May 4, and will visit with various constituent groups from 7:30 a.m. to 1:30 p.m. on that date. The visit fulfills one of the Chancellor's objectives in taking office: to view the University where the real action is taking place — on each campus.

The Chancellor will arrive at the Clinton County Airport on Wednesday evening and will then meet with President Burke. The next day will find Dr. Wharton in sessions with the executive Committee of the Faculty Senate, department chairpersons, representatives of the student affairs, business, library and instructional resources staffs, and with the Executive Staff. He will also meet with the executive council of the Student Association, the Student Senate and representatives of the student newspaper and campus radio station.

Chancellor Wharton will lunch with the College Council, Dr. John Myers, chairman of the Faculty; and Bruce Mante, president of the Student Association. He will then attend the SUNY Trustees' hearing (2 p.m. Ballroom B) and then leave by plane for Albany late Thursday afternoon.

COLLEGE COMMUNITY WILL HAVE OPPORTUNITY TO MEET WITH VP FOR ACADEMIC AFFAIRS CANDIDATES

The College's search committee to fill the position of vice president for academic affairs has selected four finalists who are visiting the campus over the next few weeks. The interview schedule for each finalist will allow, faculty, staff and students to meet with the candidate during a 3:30 p.m. to 5 p.m. informal session in Feinberg Library's Staff Lounge. The meetings are scheduled on the first day of each candidate's two-day campus visit.

At press time, vice presidential candidate Dr. Philip Nanzetta, Dean, Faculty of Natural Sciences and Mathematics, Stockton State College, N.J., had completed his two-day campus visit. Listed are the three remaining candidates and the dates designated for their open meeting with faculty, staff and students: Dr. Janet Travis, Provost and Professor of Philosophy, Northern Kentucky University, (April 19); Dr. Jerome Supple, Acting Vice President for Academic Affairs, Fredonia State, (April 24); and Dr. Robert Patterson, Associate Vice President for Academic Affairs and Adjunct Associate in Higher Education, Buffalo State, (May 1).

FOUNDATION'S PRESIDENT'S CLUB GROWS BY NINE MEMBERS

The Plattsburgh College Foundation's President's Club will be honored by President and Mrs. Burke at a reception at the President's Home on Sunday evening. The President's Club, a distinguished circle of individuals and businesses who contribute at least \$500 a year to the Foundation, grew by nine members in 1977. The new members will receive the President's Club plaque at the reception. In addition, the 25 members of the Club from the previous year will receive date tabs to be placed on plaques that they received with their initial contribution. The 1977 tab indicates renewal of a \$500 gift to the President's Club.

DANCE MARATHON NETS \$5,400

Thirteen couples who completed last weekend's dance marathon for the benefit of the Muscular Dystrophy Association collected \$5,400 in donations and gate receipts. First-place winners, with \$1,587.21 in pledges from their sponsors, were local high school students Sue Trombley and Danny Feazelle. Second place finishers were Plattsburgh State students Julie Gorowitz and Jim Zurlo.

INTRAMURAL PROGRAM DRAWS RECORD PARTICIPANTS; MORE THAN 1,800 REGISTER FOR SOFTBALL

Leith Bardon, assistant professor of physical education and faculty advisor to the College's intramural program, reports that 380 intramural teams were organized this academic year to participate in men's and women's basketball, broomball, volleyball, softball, and men's football. Spring semester broomball competition attracted the largest participation in any single women's intramural program with 862 women students organized into 60 teams. The College's intramural office is requesting that men's and women's push ball and soccer, and coed volleyball and intertube water polo be added to the 1978-79 fall and spring semester programs. George Hala is intramural student coordinator.

Men's and women's intramural softball competition began last week with more than 1,800 Plattsburgh State students, comprising 76 men's and women's teams, participating in the spring program. The 123 softball squads have been organized into eight-team leagues with round-robin competition scheduled for the next three weeks. A single elimination tournament will start the first week of May to determine the intramural men's and women's champions.

ACROTHEATRE BEGINS THREE-DAY PERFORMANCE THURSDAY

Twenty-six acts and a cast of more than 100 area gymnasts will be included in the spring performance of Acrotheatre at Memorial Hall Gymnasium in shows Thursday, Friday and Saturday (April 20-22) at 8:30 p.m. The one and one-half hour show will incorporate acrobatics, gymnastics, adagio and modern dance set to music and accented by special stage lighting and costuming effects. Participants will include Plattsburgh State students, members of the College's continuing education program, Air Force personnel and students from local elementary and high schools. Tickets for the Thursday, Friday and Saturday shows may be purchased in advance at the main desk in the Plattsburgh State College Center, or at the Memorial Hall door on the evening of the performance. Prices are 25¢ for Plattsburgh State students, 50¢ for other students under 18 and \$2.00 for adults.

GET TO KNOW AREA ENVIRONMENTAL ISSUES — 'TOWARD TOMORROW FESTIVAL', APRIL 21-23

Displays and demonstrations on energy conservation, paper recycling and presentations featuring country music and crafts will highlight the Plattsburgh State Environmental Action Committee's first ever "Toward Tomorrow Spring Festival", Friday through Sunday, April 21-23, on the College campus. Speakers, craftsmen, Blue Grass musicians and government environmental activists will participate in the three-day festival designed to lend area residents an awareness of alternative methods of energy and environmental issues which are affecting the North Country area.

"Our environmental awareness group, made up of interested Plattsburgh State students, has been active this past year in community paper recycling, endangered species fund raising and environmental education. The 'Toward Tomorrow Festival' is a culmination of all our activities", explained Stephen Lacketta, festival coordinator. "We hope the festival will be able to educate the general public on the increasing limitations of our natural resources and the importance of their conservation and preservation."

The festival's three-day events will all be held in the College Center. The calendar in this issue of WEEKLY has complete details on the weekend.

OPEN HOUSE ATTRACTS RECORD ATTENDANCE

More than 1,000 prospective students and their parents, representing nearly a two-fold increase in attendance in comparison with numbers present for similar programs in any previous year, participated in Open House activities at the College last Saturday. Visitors were invited to summarize their impressions of the campus, Plattsburgh State's people and the Open House program itself at the conclusion of the day's events. Typical among the comments received in writing on evaluation forms provided were these: "Plattsburgh State's people, services and facilities made a tremendous impression ... the Open House will be an important factor in considering whether to attend the College." "Student tour guides were informative and candid ... (they are) your best recruiters in portraying the College." "Campus tours and programs were well-organized ... (they) provided an overall view of academic and residence life."

FINAL PROFESSIONAL DEVELOPMENT LECTURE SERIES GUEST TO APPEAR APRIL 26-27

Former White House consultant Dr. Willis Harman, associate director of the Center for the Study of Social Policy, located at Stanford University's Research Institute, will be the speaker during the final presentation of the Plattsburgh State Professional Development Lecture Series, sponsored by the Faculty of Professional and General Studies. His presentations will include a 7:30 p.m. lecture on Wednesday, April 26, in Ballroom B of the College Center, and two small group lectures on Thursday, April 27, beginning at 9 a.m. and 10:30 a.m. in the College Center's Cardinal Lounge. COLLEGE FOUNDATION RECEIVES \$62,000 BEQUEST

The Plattsburgh College Foundation has received a \$62,000 bequest from the estate of the late Mrs. Lillian T. Smith of Plattsburgh that creates a scholarship fund in honor of her late husband.

E. Glenn Giltz, president of the Foundation announced today that he was notified of the bequest by Mrs. Smith's attorney, Clyde A. Lewis of Plattsburgh.

Giltz termed the Smith gift "one of the most significant" in the history of the Foundation. "The amount of the gift is noteworthy," said the Foundation president, "because it will provide educational opportunity immediately and interminably for young men and women from our area. Just as importantly, the College Foundation recognizes that its long-range viability is dependent upon the capability to solicit and secure endowment funds.

"We are grateful to the late Mrs. Smith," said Giltz, "and to Mr. Lewis, her attorney, who has supported the mission of the College Foundation for many years."

According to provisions of the will, the grant will create an endowment fund whose interest will provide scholarships to be known as the "Thomas H. Smith Plattsburgh New York B.P.O.E. Lodge 621 Memorial Scholarships." Mr. Smith was a charter member and lifelong member of the Elks Lodge for 70 years prior to his death in 1970.

The will specifies that the scholarships provided by the endowment be awarded to Plattsburgh State undergraduates who are residents of Clinton County, who have graduated from a Clinton County high school, and who merit financial need.

SUNY BOARD OF TRUSTEES CHAIRMAN MAIN SPEAKER AT LIBRARY DEDICATION

The Chairman of the Board of Trustees of the State University of New York, Mrs. Maurice T. Moore, will give the principal address at the dedication of the College's Feinberg Library on Friday, May 5. Mrs. Moore, who was appointed to head the SUNY Trustees by Gov. Rockefeller on January 30, 1968, has announced her retirement from the Trustees on the date her regular term will expire, July 1.

The dedication ceremony is planned for 2 p.m. near the main door of the library on the podium level. Approximately 200 invited guests, faculty, students and administrators are expected to attend the ceremony that is open to the entire campus-community. Following the ceremony, guided tours of the facility will be led by members of the library staff.

The building is named for the late Benjamin F. Feinberg, prominent Plattsburgh legislator, administrator and educator. A bronze plaque, commemorating the achievements of Senator Feinberg, will be placed near the entrance to the library and will be unveiled during the ceremony.

LERNER TO APPEAR AS GUEST SPEAKER DURING DEDICATION ACTIVITIES

Max Lerner, internationally known professor, syndicated columnist and lecturer, will appear on campus as a guest speaker next week as part of the two days of activities highlighting the Feinberg Library Dedication Program. Lerner, whose featured address is entitled "Information Is Power," is scheduled to present his lecture on Thursday, May 4, at 7:30 p.m. in Hawkins Hall Large Auditorium. Admission is free and open to the public.

Presently a visiting professor at Pomona College and lecturer at the New School For Social Research, Lerner writes a widely read newspaper column syndicated by the *Los Angeles Times* and appearing three times a week in the *New York Post* and papers throughout the U. S. and around the world. His articles have been published in national magazines as well as professional periodicals. His best known book, "America As A

Civilization," has worldwide publication and acclaim. He is currently at work on a new study of American civilization, covering the 1960's and 1970's.

REGENTS HONOR DR. ANGELL FOR DISTINGUISHED SERVICE

Dr. George W. Angell, President Emeritus, received the James E. Allen, Jr. Memorial Award for "distinguished service to education" during the State Board of Regents monthly meeting last Friday in Albany.

During a brief ceremony, Dr. Angell was presented a check in the amount of \$500, an engraved silver tray and a Regents' Citation. The Citation honors Angell, who was president of the College from 1954-1974, for "his faith in an education citizenry", his devotion to the students, faculty and alumni at Plattsburgh State, his spearheading the growth of the College and his concern "for the well-being of his North Country neighbors".

The award, commemorates the memory of the late New York State Commissioner of Education, who was killed in an airplane crash. It was established by the Board of Regents in 1972 to recognize individuals who have made an outstanding contribution to education in New York State. One award is given each year.

COLLEGE FOUNDATION 1978-79 SCHOLARSHIP INFORMATION AVAILABLE

Brochures describing College Foundation Scholarship Aid for the next academic year will be available in the College's financial aid office by Monday, May 1. While no separate application form is necessary, all students wishing to be considered for the Foundation's scholarships and grants should make certain they have on file in the financial aid office all necessary forms. It is anticipated that \$100,000 worth of scholarship aid will be available to Plattsburgh State students during the 1978-79 year. Students wishing more specific information should contact Mrs. Jane Minnier, director of financial aid.

SEARCH COMMITTEE REQUESTING RECOMMENDATIONS

The search committee for vice-president for student affairs is encouraging all College faculty and staff to recommend potential candidates to fill the position. The committee also requests that faculty and staff members provide names of college and university graduate departments in which the opening can be advertised. All referrals should be directed to David Truax, director of admissions and chairperson of the search committee.

\$7.4 MILLION BENJAMIN F. FEINBERG LIBRARY TO BE DEDICATED FRIDAY

The College's new \$7.4 million Benjamin F. Feinberg Library will be officially dedicated on Friday (May 5) during a 2 p.m. public outdoor ceremony near the main door of the building on the second floor podium level.

The late Sen. Feinberg

Presiding over the dedication program will be Mrs. Judith L. Duken, chairman of the College Council. Remarks will be made by College President Joseph C. Burke; State Senator Ronald B. Stafford, chairman of the State Senate's Higher Education Committee; and Clinton County Judge Robert J. Feinberg, son of the late Senator Feinberg. As was reported in the last issue of WEEKLY, the main address during the dedication program will be given by Mrs. Maurice T. Moore, chairman of the State University Board of Trustees.

Representing the Feinberg family during the unveiling of a plaque commemorating the achievements of Senator Feinberg will be his children: Mrs. Ruth Feinberg Bergman, Mrs. Dorothy Feinberg Weiss and Judge Feinberg. The plaque honors Feinberg, who conducted a law practice in Plattsburgh from 1912 till his death in 1959, for single-handedly saving the institution from being closed after a disastrous fire in 1929, for his

achievements in the State Legislature in fostering the improvement of educational facilities in New York State and as a leading advocate for a State University system.

In connection with the dedication, a special collection of documents covering the years that Feinberg served in the State Senate (1932-49) have been donated to the Library's North Country History Collection through the generosity of Judge Feinberg. The documents total some 24 feet in 12 legal file cases and include speeches, bills, committee hearings and correspondence that the late Senator compiled while serving as Senate Majority Leader and Chairman of the State Public Service Commission.

SUMMER COMMITTEE ON GENERAL EDUCATION FORMED

President Burke has announced that a Summer Committee on General Education has been organized in order to develop guidelines for improvement of the College's General Education Program. Dr. Richard Robbins, associate professor of anthropology, will serve as chairperson of this important committee. Committee members include Dr. Philip Clarkson, Mr. Thomas Corigliano, Dr. James Dawson, Dr. Stewart Denenberg, Dr. Warren Dixon, Dr. Alan Frank, Dr. Hilton Heming, Dr. Stanley Johnson, Dr. Nicholas Mammano, Dr. Howard Miller, Mr. Thomas Moran, Ms. Marilyn Morton and Dr. David Mowry. President Burke is still in the process of identifying students who can serve on the committee.

The committee's function will be to try and develop: (1) a revised General Education Program that gives greater direction to students without rigid requirements; (2) proposals for better integrating freshmen into academic endeavors; and (3) a greater interdepartmental communication so that students can take advantage of a cross section of academic disciplines. The Summer Committee is to submit its proposals to the Undergraduate Studies Committee and to the faculty for discussion and comment.

WOODIN PROMOTED TO ASSISTANT REGISTRAR

Dau Woodin has recently been promoted to the newly established position of Assistant Registrar. Since 1973, she has served as the Registrar's Office Liaison with the College's computer center. Ms. Woodin is a graduate of Columbia University School of General Studies where she served as an administrative assistant for eight years.

FORENSIC UNION TO PERFORM FOR FACULTY

The College's Forensic Union will present a "Tribute to the Faculty" on Monday, May 8, at 8 p.m. in the Music Lounge of the College Center. The program will include speeches and readings which earned the team this year's State Championship in Forensics. The evening is dedicated to faculty members in recognition of the inspiration and assistance they provided for the ideas that went into the team's performances. The public is invited to attend.

SPECIAL PARKING TO BE DESIGNATED DURING LIBRARY DEDICATION CEREMONIES

Invited officials and guests attending the Friday, May 5, Feinberg Library dedication ceremonies, will be provided with 80 reserved parking spots located at the east end of the Kehoe Administration Building lot (the end farthest from the Myers Fine Arts Building). The 80 spots have been secured in order that library dedication guests will be able to conveniently park on campus. Safety and security officials remind everyone that approximately 100 spots in the Kehoe lot will still be available to persons with campus parking permits.

DR. SUPPLE RECOMMENDED AS VICE PRESIDENT

President Burke has announced that Dr. Jerome H. Supple, associate vice president for academic affairs at the State University College at Fredonia, will be recommended to the SUNY Trustees to fill the position of Vice President for Academic Affairs, effective July 17.

Dr. Supple, who accepted the position on Tuesday, was recommended for the post by the all-College Search Committee and the Faculty Affairs Committee of the Faculty Senate after a five-month search in which the former committee reviewed the applications of more than 100 candidates from throughout the nation.

A member of the Fredonia faculty since 1964, Dr. Supple has also served Fredonia as acting vice president for academic affairs and professor of chemistry. During the 1974-75 academic year he was on leave to serve SUNY's Central Office as acting associate provost for undergraduate education.

Dr. Supple holds the B.S. and M.S. degrees from Boston College and the Ph.D. in organic chemistry from the University of New Hampshire. He succeeds Dr. Thomas A. Porter, who left the vice presidency on Dec. 31, 1977 to become executive officer for academic and student affairs for the Connecticut State College System.

President Joseph C. Burke
State University College
Plattsburgh, New York 12901

Dear Joe:

The visit to Plattsburgh was a most enjoyable experience for me. Your students, your faculty, and your staff all help to reinforce my optimism in the future of this great University. You have a fine institution, and I know that much credit is due to your dedicated leadership.

I look forward to working with you and your colleagues at Plattsburgh in the years ahead.

Sincerely,

Clifton R. Wharton, Jr.
Chancellor

RECORD 1,154 STUDENTS TO RECEIVE DEGREES AT 88TH COMMENCEMENT

A record number of 1,154 students, the largest graduating class in the history of Plattsburgh State, will receive degrees during the College's 88th spring commencement scheduled for Sunday at 1:30 pm in the Field House. The large number of graduates marks the first time that a Plattsburgh State graduating class has numbered more than 1,000 students. The largest class prior to this year was the Class of 1976 which included 940 degree recipients.

Eligible to receive degrees are 541 candidates for Bachelor of Arts, 533 candidates for the Bachelor of Science, 38 candidates for the Master of Arts, 37 candidates for the Master of Science in Education and five candidates for the Certificate of Advanced Study. Dr. Philip Clarkson, Dean, Faculty of Arts and Science, will present the degree candidates and President Joseph C. Burke will confer degrees. Mrs. Judith L. Duken, chairperson of the College Council, will present diplomas. SUNY Chancellor, Clifton R. Wharton, Jr., will deliver the commencement address.

Immediately following the ceremony, the Plattsburgh Alumni Association will host a reception for graduates and their guests in the Field House arena.

DR. GRAZIADEI RECEIVES AWARD FOR EXCELLENCE IN TEACHING

Dr. William D. Graziadei, associate professor of biology, is the recipient of a 1978 Chancellor's Award for Excellence in Teaching. Begun in 1973, the award program provides a one-time \$500 grant to selected faculty from throughout SUNY based on their effectiveness as classroom teachers and on scholarship in their disciplines.

President Joseph C. Burke said of Dr. Graziadei: "Bill Graziadei's rapport with students and dedication to excellence in teaching makes him deserving of this honor. I am grateful to the University for recognizing his effectiveness with this award, and I am even more grateful to Bill for his contributions to our College."

Dr. Graziadei presently teaches an undergraduate course in general biology and two upper division classes in immunology and virology. Under a \$60,000 grant from the National Institute of Health, Dr. Graziadei is conducting research into natural defense mechanisms against viral diseases. The research involves one biology post-doctoral fellow, three biology graduate students and three undergraduates.

Dr. Graziadei

PRESIDENT BURKE ELECTED STATE AASCU REPRESENTATIVE

College President Joseph C. Burke has been elected to represent New York State members of the American Association of State Colleges and Universities. President Burke, elected to the position by presidents of the 14 State University Colleges of Arts and Science, will serve a two-year term.

Congratulations and Best Wishes to the Class of '78

Dr. Bresnahan

Dr. Keeler

RETIRING FACULTY TO BE RECOGNIZED AT COMMENCEMENT LUNCHEON

The College Council will recognize retiring faculty members Dr. Marie Bresnahan and Dr. Edward Keeler, professors of education, during the May 14 commencement luncheon. The two senior faculty members will retire this summer with more than 45 years of combined service to the College.

Dr. Bresnahan began her teaching career at Plattsburgh State in 1952 and was former director of the reading and early childhood program. Dr. Keeler came to the College in 1956 as an assistant professor in the Campus School. Since 1961, he has been off-campus supervisor of student teaching.

SUNY REQUESTS \$82,100 IN SUPPLEMENTAL BUDGET FOR COLLEGE

The State University has recommended to the New York State Division of the Budget that the College receive \$82,100 in supplemental appropriations for the 1978-79 fiscal year. The request includes the reinstatement of three faculty positions deleted from the original SUNY request. The restoration of these three positions has been asked by the State University because recent figures indicate that the College will experience a greater increase in fall 1978 enrollment than was first reported in preliminary enrollment data.

Other items included in SUNY's supplemental budget requests for the College include \$36,500 in library acquisition price increases and an \$18,600 increase in the State fundings for the College's work-study program.

Senator Ronald B. Stafford, chairman of the Senate Higher Education Committee, is presently seeking additional increases in SUNY's supplemental budget request for the College. Traditionally, the supplemental budget is the final item of business to come before the State Legislature prior to its adjournment in May or June.

"Although we did not receive the total amount of funds that the College included in supplemental budget requests," President Burke said, "we are happy that the State University has requested additional funds in certain areas."

COLLEGE COMMISSIONED TO ADMINISTER COURSES TO AIR BASE PERSONNEL

Plattsburgh State and the Air Force have approved a \$66,000 contract which commissions the College to administer 44 courses in leadership and communication arts for middle-management personnel on 16 air bases during the next six months.

The Air Force contract, renewed for the seventh consecutive year, will be directed by Dr. Melvin W. Donaho, director of the College's General Studies program. Dr. Donaho created the curriculum and has directed the program since its inception. He will select and evaluate instructors from colleges located near the various air bases involved in the program who will conduct the courses.

\$5,232 AWARDED BY NEH FOR COLLEGE'S GENERAL EDUCATION PROGRAM STUDY

The College's Undergraduate Studies Committee has been awarded a \$5,232 consultantship grant from the National Endowment for the Humanities in order to develop guidelines for the improvement of the College's General Education Program. The majority of the grant will pay for a series of visits by Dr. Jerome Richfield, Dean, Humanities Department at California State, Northridge, Cal. Dr. Richfield, a specialist in curriculum development, will make three visits to the campus during the next few months to present an impartial evaluation of the College's needs and proposals concerning the General Education Program. Dr. Richfield's visits to campus will begin next month when he meets with the Summer Committee on General Education.

DR JANE GORE SELECTED FOR SUMMER COMMITTEE ON GENERAL EDUCATION

Dr. Jane Gore, assistant professor of home economics, has been selected recently for the Summer committee on General Education reported in the last issue of WEEKLY. During the summer months, the Committee will address the problems concerning the College's General Education Program. Two students representatives to the Committee will be named in the near future.

COLLEGE COUNCIL MEETING COMMENCEMENT DAY

Members of the Plattsburgh State College Council will begin their full day of official duties on commencement day with a Council meeting, starting at 9:30 am in the Cardinal Lounge of the College Center.

CARDINAL TRACK TEAM SECOND IN SUNY CHAMPIONSHIP MEET

Plattsburgh State, for the second consecutive year, finished second behind Fredonia State in the State University of New York Track and Field Championships hosted last Saturday at the College. Record-setting performances by senior Gary Gillis and the 440-yard relay team paced the Cardinals to their second place finish among the nine conference schools participating. The Cardinals took first place in six events but could not compete with Fredonia's overall depth. Gillis, who holds five SUNY records, raced to first place finishes in the 440 and 220-yard dashes and teamed up with seniors Tony Haslam and Jeff Gadley and freshman Jum Mitchell to set a new SUNY mark for the 440-yard relay with a time of 42.8 seconds. Saturday's performances earned ten Plattsburgh State trackstars invitations to the NCAA Division III Track and Field Championships to be held May 22-27 at Ann Arbor, Mi.

LATEST REPORT SHOWS DEPOSITS PAID BY 1,563 PROSPECTIVE STUDENTS

According to latest reports available from the College admissions office, a total of 1,563 prospective new students (1,092 freshmen and 471 transfers) have paid admissions deposits signifying their intent to enroll at Plattsburgh State this coming fall. The number of deposits paid by incoming freshmen represents 100 per cent of the admissions office's projected fall 1978 enrollment goal.
